

Arctic Adventure Iceberg Table Display

Supplies:

- Cardboard
- Hot glue
- Utility knife
- Paint
- Paintbrushes
- Cotton

Directions:

1. Using the utility knife, cut out an 18" diameter circle from the cardboard. Cut the circle in half so you have two equal semi-circles. *(For safety purposes, we recommend wearing leather gloves when using the utility knife. Never leave the utility knife where children can pick it up.)*
2. Cut out a 7" x 18" rectangle for the base.
3. Cut out two 9" x 3.5" rectangles. Fold in both ends at the 1" mark. This piece should measure 7" x 3.5" when folded. Put aside for Step 8.
4. Cut two 8" x 3.5" rectangles and fold these two pieces in half lengthwise. This piece should measure 8" x 1.75" when folded.

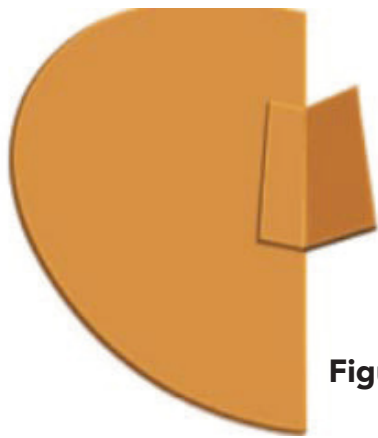

Figure 1

Figure 2

5. Using hot glue, adhere one of the 8" x 3.5" panels to the bottom of one of the semicircles. Attach the second panel to the other semicircle in the same way (see Figure 1).

6. Glue the semi-circle and the base as shown on Figure 2.

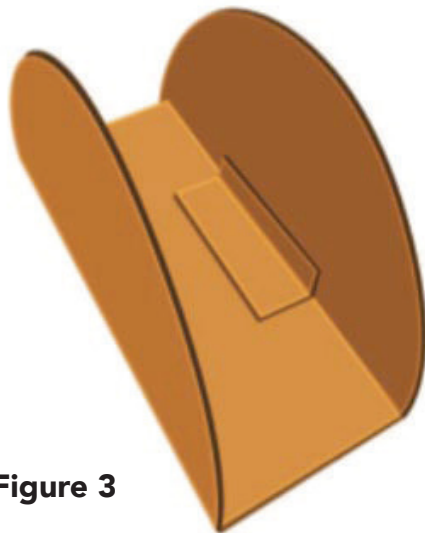

Figure 3

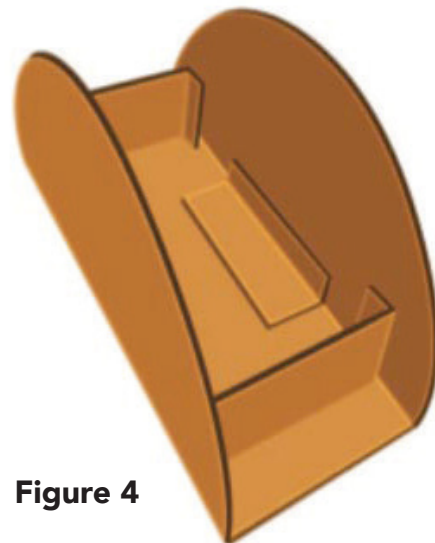

Figure 4

7. Attach the other semi-circle to the other side of the 7" x 18" rectangle.

8. Glue the two 7" x 3.5" pieces with the folded 1" tabs from Step 3 to connect both sides of the semi-circle as shown.

9. For the icebergs, cut two larger pieces of cardboard (larger than the semi-circles) in a random iceberg shape.

10. Paint cutouts white with light blue highlights.
11. Add cotton around the table for added effect.
