

What if you woke up one morning and your tongue wasn't yours? Explore what would happen if you looked in the mirror and saw an animal's tongue instead of your own! From a Komodo dragon's split, yellow tongue (which can detect food from five miles away) to a woodpecker's long, thorny tongue (used to dig into trees for food), discover what it would be like if you had these special tongues, and find out why your tongue is just the right one for you!
