About This Book

Is that monster under your bed blue, green or yellow? Maybe he has lots of polka dots or scary stripes? Is the monster from outer space? It's up to you to decide with this fun new monster drawing and colouring book!

This marvelous medley of monsters to colour includes everything from micro beasties no bigger than a bee to mighty monsters the size of skyscrapers. There are munchy monsters midnight feasting, and bogeymonsters under the bed; attic monsters, alien monsters and murky monsters from a slimy swamp. Meet terrible trolls and howling werewolves, as well as Frankenstein's monster, Nessie and other monster celebrities of myth and legend. Doodling activities include designing monsters, naming monsters, drawing monsters step-by-step, writing a mini-monster tale, escaping the Minotaur's maze, and discovering lots of interesting monster "stuff" along the way.
