About This Book

Awww! Puppies, kittens, bunny rabbits... We automatically think of cute cuddly pets. What about when pets don't act so friendly? Sometimes puppies chew furniture, or ruin a pair of good shoes; sometimes the house cat gets his litter box a little too dirty.

Due to their sweet dispositions, pets are normally forgiven quickly and their destructive behaviour is forgotten. But what about when pets do things that are against the law? What happens when your family pet turns into a criminal? And how on earth do you teach a donkey that assault and battery will land you in jail?

From birds shop-lifting bags of potato chips to dogs committing grand theft auto, join in on the unbelievable misadventures that some unlucky pet owners around the world have had to endure.
