About This Book

Sometimes, it feels like life is not made up of sugar and icing and sprinkles. And sometimes, nothing seems to go the way you want it to. No one knows this better than Hayley. Her world is far from perfect. Her parents just got divorced, her mom lost her job, and she is stuck sharing a little tiny bedroom with her sister, Chloe, in her Grandma's apartment! To make things worse, Hayley and her best friend Artie seem to be drifting apart.

Hayley must now learn to cope with her ever-changing world.

Her only escape is baking. She especially has a knack for cupcakes. Cupcakes seem to make everything a little sweeter! Hayley sets out to try and make everyone a little happier, but the task is not so easy. She soon realizes that it's going to take more than sugar and spice to make everything nice.
