Properties of Liquids & Solids
Gr. 1–2 · 80 pages
Help students explore the properties of these states of matter. This curriculum-based reproducible resource includes easy-to-follow experiments, activities, home study, and an end-of-unit test.

Cost: $14.95

Soils in the Environment
Gr. 2–3 · 80 pages
Discover the different types of soils with these reproducible activities and experiments. This curriculum-based, must-have resource is packed with story projects, assessments, and a unit test.

Cost: $14.95

Habitats
Gr. 4–6 · 104 pages
Designed to support an investigation of the concepts related to habitats. Contents include: What is Ecology?, Earth’s Biomes, Habitat is Home, Food Chains, Plants are Producers, Each to its Niche, and more. Also includes an answer key and 42 activities.

Cost: $18.99

Growth & Changes in Plants
Gr. 2–3 · 80 pages
Use these curriculum-linked, reproducible activities to explore the growth and changes in plant life. Includes hands-on experiments, diagrams, home study, and an end-of-unit test.

Cost: $14.95

Growth & Changes in Animals
Gr. 1–2 · 80 pages
Investigate the captivating world of animals, mammals, reptiles, and insects. Includes reproducible activities, evaluation rubrics, assessment strategies, and more.

Cost: $14.95

Air & Water in the Environment
Gr. 1–2 · 80 pages
Learn about the characteristics of air and the different forms of water in the environment. Reproducible activities and experiments help students explore various types of weather, the water cycle, and more.

Cost: $14.95

Hands-On Science and Math
Fun, Fascinating Activities for Young Children
Gr. PreK+ · 152 pages
Plan engaging science, technology, engineering, and math (STEM) lessons through simple, inexpensive experiments using easy-to-find materials.

Cost: $19.99

BESTSELLER!

SCIENCE Resources

**Simple Machines**
Gr. 4-6 · 102 pages each
Study the inclined plane, wedge, screw, lever, wheel axle, and pulley with the activities in this unit. Also includes experiments, evaluation forms, a learning log, puzzles, activities, and an answer key.
817786 Gr. 1-3 $18.99
817819 Gr. 4-6 $18.99

**Matter & Materials**
Gr. 4-6 · 96 pages
Activities and experiments that teach concepts of matter and materials related to real life. Each section includes teacher’s notes, material lists, a pre-assessment quiz, fun-filled activities and experiments, and a follow-up review activity.
2125468 $18.99

**BESTSELLER! Electricity**
Electricity
Gr. 4-6 · 96 pages
Design and construct a variety of electrical circuits and investigate ways in which electrical energy is transformed into other forms of energy. Learn about the significant role electricity has in our lives and about the impact of over-consumption on our power supply. Includes 27 activities and an answer key.
1019927 $18.99

**Light & Sound**
Gr. 4-6 · 96 pages
Explore concepts of light and sound including pitch, intensity, brightness, reflections, colour, and more with activities and experiments that use the five-step investigative process. Includes teacher information, material lists, and an answer key.
2125442 $18.99

**Weather**
Gr. 4-6 · 102 pages
This unit focuses on temperature, wind, storms, air pressure, moisture, and weather lore. Use the ideas and activities in this unit to supplement a theme on weather. Includes 50 activities and an answer key.
817778 $18.99

**Discover! Science**
Gr. 4-6 · 32 pages each
This series helps students learn about specific science concepts with reproducible activities and lessons including background information, questions for discussion, and answer keys.

- **Body Systems**
  3045699 Simple Chemistry $11.99
  3045706 The Solar System $11.99
  3045714 Weather $11.99

- **Simple Machines**
  3045699 Simple Chemistry $11.99
  3045706 The Solar System $11.99
  3045714 Weather $11.99

- **Magnetism & Electricity**
  3045756 Work & Machines $11.99

**Rocks & Minerals**
Gr. 4-6 · 94 pages
Lead a geological study of the world by implementing the various ideas and activities in this unit. Science experiments include instructions on making fossils, erupting volcanos, crystals, rock candy, and frost. Includes 32 activities.
817760 $18.99

**The Solar System**
Gr. 4-6 · 94 pages
Explore the fascinating world of outer space! Includes information and activities on planets, stars, the sun, the moon, comets, asteroids, meteoroids, meteors and meteorites, and more.
817744 $18.99

**Force & Motion**
96 pages each
Includes activities on the various types of force and motion, exploring air pressure, gravity, centripetal force, and magnetism.
1396721 Gr. 1-3 $18.99
1396739 Gr. 4-6 $18.99

To make the solar system come to life, see page 194.
Taxes are not included.

**SCIENCE Resources**

**Instant Structures and Mechanisms Activities**
Gr. 3-5 · 96 pages
Teach students about stability and structures, pulleys and gears, and forces acting on structures and mechanisms with ready-to-reproduce practice pages featuring informational text, easy-to-do experiments, extension activities, and more.

2519348 $15.99

**Characteristics of Flight**
Gr. 4-6 · 94 pages
Forty activities that include experiments, an invention conference, scientific method, famous aviators, types of aircraft, a glossary of terms, an answer key, and more.

817710 $18.99

**Diversity of Living Things**
Gr. 4-6 · 96 pages
Students will learn to classify the animal kingdom, from mammals to microscopic organisms. Encourage them to observe and describe similarities and differences among the diverse species in our environment. Includes 35 activities plus an answer key.

1019935 $18.99

**Human Body**
Gr. 4-6 · 128 pages
Includes diagrams of each body system, individual organs for students to label and colour, crossword puzzles, word searches, analogies, and more. Also includes an answer key.

1133842 $24.99

For human body manipulatives see page 194.

**Energy**
Gr. 4-6 · 96 pages
Learn all about energy, including its sources, conservation, states, and more, using the five-step investigative method. Includes pre-assessment and post-assessment quizzes, material lists, and crossword puzzles.

2125434 $18.99

**The Nature of Matter**
Gr. 5-8 · 64 pages
Twenty-five engaging, hands-on activities introduce students to the many properties of matter. Explore static electricity, identify properties of familiar liquids and solids and how they interact, distinguish between objects and materials, and much more!

1985706 $18.99

**Interactive Notebooks**
Science
96 pages each
High-interest, hands-on, interactive notebooks effectively engage students in learning new science-based curriculum topics. With this note-taking process, students will learn organization, summarizing, and other important skills while creating personalized portfolios of their individual learning that they can reference throughout the year.

NEW! What’s the Difference? Animals 6-Pack
Gr. 1–2 · 6 paperbacks, 32 pages each
Perfect for beginning readers, this series explains animal differences through simple sentences, fun facts, full-colour photos, and interactive quizzes!
3180370 $47.94 $39.99

BESTSELLER! Welcome to the World 10-Pack
Gr. K–2 · 10 paperbacks, 32 pages each
Full-colour photographs and easy-to-read text combine to provide an intriguing introduction to the lives of some of the world’s most fascinating animals.
3189885 $79.50 $69.99

BESTSELLER! More Welcome to the World 10-Pack
Gr. K–2 · 10 paperbacks, 32 pages each
Introduce students to wildlife through colourful photographs, lively descriptions, and amazing facts!
3189918 $79.50 $69.99

NEW! True Book Amazing Animals 6-Pack
Gr. 3–5 · 6 paperbacks, 48 pages each
Readers will explore some of the most unique and interesting animals in the world as they learn about migration, camouflage, and more.
3180338 $53.94 $39.99

Guided Science Readers Animal Super Set
Gr. PreK–2 · 6 copies of 24 titles, 8-pages each + 144-page teaching guide + storage tub
Teach reading and science simultaneously with this super set of exciting books that correlate with Guided Reading Levels A-D.
2491249 $139.99

Exploring the World of Animals 9-Pack
Gr. 4–8 · 9 paperbacks, 24 pages each
Learn all about the world of foxes, eagles, coyotes, and many other animals with simple text and vivid, full-colour photographs that teach students about their habits, characteristics, habitats, and more.
2391621 $62.55 $54.99

Bring your science lessons to life with plush, life-like puppets (page 62–63). Students will love to see real-life behaviours acted out before them.
Insects Close-Up 4-Pack
Gr. K–3 · 4 paperbacks, 24 pages each
Take a close-up look at the common characteristics of insects, their different habitats, the stages in their life cycles, and discover the important role they play in our world.
2680644 $39.80 $29.99

Seasons Close-Up 4-Pack
Gr. K–3 · 4 paperbacks, 24 pages each
Discover how seasonal changes affect plants, animals, and people through colourful photographs and easy-to-read text.
2538801 $39.80 $29.99

New!
Capstone
Life Science 6-Pack
Gr. PreK–2 · 6 paperbacks, 24 pages each
Simple text and bright photographs explain the concept of life science for beginning readers. Explore animal communication, group behaviour, endangered and threatened animals, food chains and webs, living and nonliving things, and nocturnal animals.
3191484 $47.70 $39.99

How Resources Are Made 6-Pack
Gr. 3-4 · 6 paperbacks, 32 pages each
This informative series guides readers through the amazing processes within Earth that produce our most precious resources. Key concepts and interesting facts will make readers recognize how these natural resources are connected to their lives.

3189520 $39.08/$34.99

Introducing Habitats 4-Pack
Gr. 2-3 · 4 paperbacks, 32 pages each
Teach students about basic concepts such as which plants and animals live in each habitat, the weather in each habitat, hibernation, migration, adaptations, and more.

1703421 $39.80/$34.99

Protecting Our Planet 6-Pack
Gr. 4-8 · 6 paperbacks, 32 pages each
Examine our interaction with the planet and the global impact of our actions on the environment today and in the future. Includes key environmental issues such as climate change, the protection of biodiversity, and the reduction of our carbon footprint.

2113752 $59.70/$49.99

NEW!
True Book
Ecosystems 7-Pack
Gr. 3-5 · 7 paperbacks, 48 pages each
With amazing photos and engaging facts, this series explores the world’s ecosystems and the fascinating plants and animals who inhabit them.

3191509 $62.93/$39.99

Ecosystems Inside Out 10-Pack
Gr. 4-5 · 10 paperbacks, 32 pages each
Explore each amazing biome on Earth, and then reveal the amazing organisms that live there! Easy-to-follow text discusses how our planet relies upon this network of ecosystems for life to flourish, and gives readers ideas on what they can do to help protect them.

2896233 $109.50/$89.99
Primary Science Set
Gr. PreK–3 · beaker magnifying glass · funnel eyedropper · flask tweezers · gogles large test tube with lid 2 small test tubes with lids · 2 stands 10 double-sided activity cards teaching guide Real science tools perfectly sized for little hands! Support early hands-on science investigations with colourful, durable tools and activity cards that cover the science process skills, living and nonliving things, physical science, the senses, and more.
2138081 $44.99

Bestseller!
Magifying Glass
8cm · 3x lens Durable, powerful glass magnifier with 3x the magnification.
3063203 $3.99

Bestseller!
Jumbo Magnifiers with Stand
Gr. PreK–3 · 6 magnifying glasses, 20cm each · stand Get an up-close look at the world with extra-large magnifiers, perfect for small hands. Each magnifier features a flip-out stand for engaged, hands-free viewing and a super-safe, plastic lens for 4.5x magnification.
2548636 $54.99

Primary Science Sensory Tubes
Gr. PreK–3 · 4 tubes, 31cm H x 8cm D · 8 solid lids · 4 vented lids Provide a sensory experience for your class! Students can explore their senses with these clear tubes that feature dual openings. Vented lids let students explore their sense of smell and the solid lids hold liquid securely inside.

SCIENCE Manipulatives

BESTSELLER! Super Magnet Lab
Gr. K-4 · 100 magnetic chips · 10 magnetic marbles · 7 magnetic wands · 2 metal ring magnets · 2 mini metal horseshoe magnets · 13cm plastic horseshoe magnet · 2 metal bar magnets · teaching guide · storage box
This complete hands-on classroom kit provides endless opportunities for students to explore magnetism. Class set for 25 students.
1236258 $49.99

STEM Magnets! Activity Set
Gr. K-2 · 2 bar magnets · 2 magnetic bugs · 4 ring magnets · 1 horseshoe magnet · 1 magnetic post · 2 snap-on cars · tray with maze · string · 10 double-sided activity cards · teaching guide
Durable, playful magnets in a variety of shapes engage students as they explore magnetism, polarity, and magnetic attraction and repulsion.
3063493 $44.99

Tuning Forks
Set of 3 (128, 256, 512)
Demonstrate how sound travels! Aluminum tuning forks come in different frequencies and are designed for classroom use.
1375337 $29.99

BESTSELLER! Magnetic Wands
6 wands, 20cm each
Introduce students to the magic of magnetism.
685571 $22.99

Horseshoe-Shaped Magnets
6 horseshoe magnets, 12cm H x 12cm W x 2cm D each
Durable, plastic horseshoe-shaped magnets for small groups or individual learning.
1256074 $29.99

Colour Safety Goggles
Set of 6, 15cm x 8cm each
These fun, coloured safety goggles can be used any time students need reliable eye protection. Sized just right for your students and adjustable for adults. Two each of three colours: translucent red, blue, and green.
1711862 $39.99

Jumbo Wall Thermometer
39cm x 7cm
Measures -25°C to 50°C and -20°F to 120°F. Use indoors or outdoors.
3063211 $6.99

Bestseller:
Large Equilateral Acrylic Prism
14cm x 11cm x 8cm
Discover the properties of light!
