

Conspiracy 365: February
By Gabrielle Lord

Discussion/Review Questions

1. Winter, a girl with a mysterious past, enters Cal's life during February. What do you know about Winter's connection to Sligo? What more do you wish you knew about?
2. Boges creates a blog for Cal to tell his side of the story. Pick an event from the book and write a blog entry from Cal's point of view explaining what happened and why it happened.
3. Wanted posters and stickers with Cal's photo and identifying information have been placed all over town. (An image of the wanted poster can be found on page 065.) Choose a different character from the book that you think should be captured and create a wanted poster for that person.
4. Rafe, Cal's uncle, happens to enter a fast food restaurant where Cal and Boges are meeting. Has your opinion of Rafe changed from when you read the January book? If yes, how has it changed and why? If no, why not?
5. During February, Cal discovers more information regarding the Ormond Singularity puzzle. What information do you think was the most important? Why was it important? How do you think it will help Cal in the future?
6. Cal is in a dangerous predicament at the end of the book. How do you think he will escape from the train tracks?
