## Spirit Animals

### Book 3: Blood Ties

By Garth Nix & Sean Williams

*Blood Ties* is the third book in this middle-grade, multi-platform series — and it just might be the best one yet!

Meilin decides to go off on her own, but her journey quickly becomes dangerous as she finds herself hopelessly lost in a bamboo maze. Even when she reunites with her friends, the Green Cloaks are faced with new dangers, including deadly poison, the distrusting rhino-riding tribe, and worst of all, animals driven mad after being bonded with Bile instead of Nectar. The final battle for the talisman will leave you breathless as the heroes lose one of their own, and a shocking twist in the final pages will reveal the strength of the spirit animal bond.

**If you love Fablehaven and The 39 Clues, you'll love the Spirit Animals series!**

**Ages 8-12**

“The first two books were really good, but Garth Nix and Sean Williams take this series to a whole new level.”
