## Books We Love This Month

### Canadian Disasters

By René Schmidt

Canadians are known for their help when someone is in need. We have also experienced our fair share of devastating events. *Canadian Disasters* does not just list locations, dates and facts about famous Canadian tragedies such as the 2011 Slave Lake Fire or the sinking of the Titanic in 1912. It also tells the stories of the people who were involved and those who tried to help others.

Ages 9-12

“I loved this book because it has so many interesting facts and heartwarming stories.”
