Exclamation Mark

By Amy Krouse Rosenthal

Illustrated by Tom Lichtenheld

We all have an inner exclamation mark...the question is how to find it. This is a story of an exclamation mark trying to find his way in a world of periods. He tries to fit in, but can't understand why he is the way he is — and it takes a chance encounter with an inquisitive fellow to help answer that question. And what a fantastic answer it is! What kids will take away is that being different isn't bad. There are a lot of books about this subject out there, but this book is unique because it's simple, it uses imagery kids can relate to, and it doesn't beat you over the head. This little guy will help people find, embrace and celebrate their inner exclamation mark.
