Chapter 8: You Snooze, You Lose

Working with Words—Author’s Technique: Titles

Authors write title chapters of a book to help you predict what might come next or to get your interest so you will read on.

Read the following chapter titles from *High Stakes* and tell what you think the titles mean. The titles can have more than one meaning. Tell whether it helped you predict what was coming next or whether it got you interested so you would read on.

Chapter title	What it might mean	Helped me predict	Interested me so I would read on
