Taking the Lead
by A.D. Fast

Before You Read — Pre-Reading

Setting the Purpose

The way you read is influenced by:

- your purpose for reading, and
- what you are reading.

For example, you will read a comic book much differently than you will read a science textbook. You likely read the comic book for pleasure, but read the science book for information or to study for a test.

Complete the following chart:

What I will read	Purpose for reading	How I will read
Textbook	To gather information	Carefully: highlighting or taking notes
	For relaxation or enjoyment	
	For an assignment	
Catalogue	To make choices	
Self-help book	To be inspired	

For what purpose will you read *Taking the Lead*?
