

# December Weather

In December, Mrs. Monroe's class drew the weather on a calendar. Each kind of weather has a picture:

 <b>sunny</b>	 <b>cloudy</b>	 <b>rainy</b>	 <b>snowy</b>
---	--	--	---

Look at the calendar. Answer the questions below.

How many sunny days did they have? \_\_\_\_\_

How many cloudy days did they have? \_\_\_\_\_

How many rainy days did they have? \_\_\_\_\_

How many snowy days did they have? \_\_\_\_\_

Which kind of weather did they have the most? \_\_\_\_\_

Name \_\_\_\_\_

# Measuring Perimeter

Use a ruler to measure each side of each triangle in centimetres. Write the centimetres (cm) in the spaces below. Then add up all the sides to find the perimeter, or distance around each triangle.

$$\underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad} \text{ cm}$$

$$\underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad} \text{ cm}$$

$$\underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad} \text{ cm}$$
