Chapter 1

Before Breakfast

*This is a piece
of flying toast,
in case you were
wondering.*

It REALLY annoys me when
one gets into a
Total Mayhem Situation
before breakfast.

Which is exactly what
happened to me this
morning.

I was looking forward to
a bowl of snorridge
(which is like porridge,
but made with snow), some
toast, and a glass of
fresh snolly juice.

I had just popped my twelve
slices of bread into the
twoaster,

dispensed some snow,

and was sitting down at
the table when...

... my KB-15 started
flashing.

In case you didn't
already know, a KB-15 is
a Danger Warning Device.

Danger was close!

I didn't even have time
to prepare.

I went straight to the
kitchen door, opened it,

and there I saw them.

Seven Desert-Scallywags

and a
Vibrating Cockroach
of Awfulness!

The scallywags immediately
began their attack:

Move #6,745
(Rocket-launch)

This is a highly complex,
deeply technical, and
very dangerous move.

I responded immediately
with evasive Move #84:
Tarantula!

They in turn responded
with Move #26,941
(Sandstorm).

This is a
very, very
dangerous move.
