

Strangely,  
a fish floats  
among the bats.

A bat with a  
funny wig.

A hand-  
knit net.

A bat  
covered  
in stars.

The knights rushed to the scene of  
the drama. But it was, once again,  
a D-I-S-A-S-T-E-R!!! They ran, leapt,  
and waved their arms trying to catch  
the bats, who flapped and flew  
all around.

Realizing the urgency of the situation, the two knights  
decided to change tactics. Together, they made an  
enormous net. Then, each one taking an end, they caught  
all the bats and released them deep in the forest.

A bat in a  
bowtie.
