When Dav Pilkey was a kid, he was diagnosed with ADHD and dyslexia. Dav was so disruptive in class that his teachers made him sit out in the hallway every day. Luckily, Dav loved to draw and make up stories. He spent his time in the hallway creating his own original comic books -- the very first adventures of Dog Man and Captain Underpants. In the second grade, Dav's teacher ripped up his comics and told him he couldn't spend the rest of his life making silly books. Fortunately, Dav was not a very good listener.

Wings of Fire 16

The Hybrid Prince (Wings of Fire, Book 16)

By (author) Tui T. Sutherland

Apr 06, 2027 | Paperback , Trade | $13.99

The #1 *New York Times* bestselling series is back with a brand new tale! Discover what happens next in this thrilling addition to the Wings of Fire saga.

Umber was never supposed to be a hero...

As the youngest sibling of his MudWing hatching, Umber doesn't have the responsibilities of his bigwings, Reed, nor the heroic destiny prophesied for his brother, Clay. He's always been content with his role as the cheerful, goofy, little brother. But when his sister, Sora, causes a tragedy at Jade Mountain Academy, Umber finds himself on the run and thrown into a whole new role--that of protector.

Umber and Sora fly south in search of a place where they can live far away from other dragons... until a kind, hybrid dragon named Mulberry saves him from a kraken attack, and Umber realizes they don't have to survive alone after all. In fact, there's an entire community living on a forgotten island, full of dragons hiding from their own dark pasts.

As the two MudWings settle into the Court of Refuge, they start to realize that nothing in this place is quite what it seems, and the protection it offers comes with a price. Even as Umber falls for Prince Mulberry, he learns he must find a way to unlock the past of this mysterious island to ensure he and Sora have a future. And when the dragons in power try to stop him, he'll have to decide what he cares about most... and whether he can be the hero these dragons need after all.

Darkness of Dragons: A Graphic Novel (Wings of Fire Graphic Novel #10)

By (author) Tui T. Sutherland , Illustrated by Mike Holmes

Dec 29, 2026 | Paperback , Trade | $20.99

The graphic novel adaptations of the #1 *New York Times* bestselling Wings of Fire series continue to set the world on fire!

Time is running out.

Qibli knows Darkstalker must be stopped. And he knows he could stop him—if he had magic. With even a sliver of the ancient dragon's all-powerful scroll, Qibli could rewrite history the right way: end the war forever, make every dragon happy, perhaps even cast a very small spell so that everyone would like him . . . .

But the prophecies are not easy to rewrite. Using only the small animus objects he's borrowed from Turtle, can Qibli be the magical force Pyrrhia needs, or will he be the one to bring Jade Mountain—and his family, his friends, the whole world—crashing down?

The #1 New York Times bestselling Wings of Fire series continues with this breathtaking tale, the tenth graphic novel adaptation with art by Mike Holmes.

THE MOSTLY TRUE DIARY OF A KINDA COOL KID

FAN FAVORITE

ju$tin a. reynold$

Dear Reader,

To say Chase Cash has been percolating in my brain for some time now is easily an understatement—this kid has been scheming and dreaming in my head for nearly a decade, and at long last I finally get to foist him upon all of you—thanks in advance for the assist!

The whole truth about Chase's origin is that it's a love letter.

First and foremost, it's a love letter to my oldest daughter, whose passion for reading was largely fueled by her deep fandom of graphic novels and comic books. For so many years, I observed her constantly prioritizing books with pictures, and the joy I felt at watching how much joy those illustrations gave her—how much they made her roll her eyes, laugh out loud, and interrupt whatever silly thing I was doing to share them with me—reminded me time and time again of the most basic truth behind reading: it's supposed to be fun!

Challenging, too; thought-provoking, surely; aspirational, often, but also fun, *fun*, FUN!

And so I promised my daughter (and myself) that one day I'd create a series where, by and large, the most important ingredient was humor. Where the voice, tone, and visual cues were all in on the joke. A series whose primary purpose was to make people laugh, feel good, and be happy.

This book is also a love letter in the sense that it is very much a big thank you.

To all the stories that have entertained me and mine, past, present, and future.

A thank you to irreverent family TV shows like *Malcolm in the Middle*, and zany, witty movies like *Home Alone*, and charismatic, always-cooking-something-up characters like Ferris Bueller.

Therefore, it is with great love, gratitude, and elation that I present to you the culmination of a long-ago-uttered promise via the first installment of The Mostly True Diary of a Kinda Cool Kid—*Fan Favorite*.

I hope it reminds you of all your favorite storytelling things.

I hope you have all the fun reading it that I had creating it.

But be forewarned—

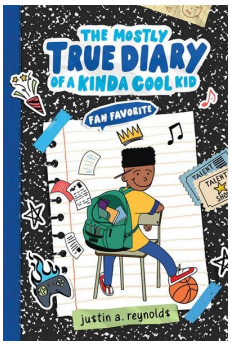

I had a LOT of fun.

Love,
justin

Fan Favorite: The Mostly True Diary of a Kinda Cool Kid

By (author) justin a. reynolds

Apr 06, 2027 | Hardcover $20.99

A fresh new spin on the diary format, The Mostly True Diary of a Kinda Cool Kid series will have you in stitches with laugh-out-loud writing and hilarious illustrations.

Chase Cash's popularity levels are so low, they're basically underground. Chase knows he's the funniest kid at North Bueller Middle School, so why does everyone seem to think he's embarrassingly dorky?? They must be confused . . . but if he could score a coveted invite to Sophie Charles's start-of-year party, everyone — *especially* a certain ex-best friend who ditched him for a cooler crowd — would have to admit he's the coolest kid in school!

Luckily, Chase always has a plan, and even when he's down, you can never count him out. Follow along in his highly-illustrated journal as he recounts his hilarious (and hilariously wack) attempts to survive middle school and be the popularity god he's sure he was born to be.

Reviews

Praise for the I Spy series:

"The apparent simplicity behind the 'I Spy' concept is deceptive. Each book contains about a dozen two-page spreads in which Mr. Wick has arranged and photographed a dizzying array of tiny, themed objects, with each tableaux creating its own spell-binding world. His collaborator, Jean Marzollo, writes rhymed picture riddles that run across the bottom of each page, naming hidden objects readers must find within." -- *The New York Times*

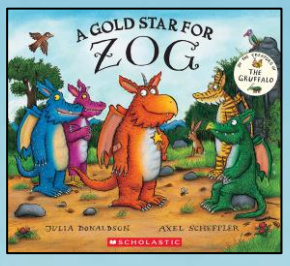

Praise for ***I Spy Fun House***:

"It's hard to believe that Marzollo and Wick could top their *I Spy Christmas*, but their latest book of picture riddles is their best yet. Once again, each spread consists of a spectacular color photograph of an even more spectacularly propped 4 x 8 set, paired with four lines of verse that challenge the reader... Choi Meets World: A Graphic Memoir

By (author) Chris Choi

Feb 02, 2027 | Paperback , Trade | $20.99

From up-and-coming author/illustrator Chris Choi comes a poignant, hilarious, heartbreaking, and hopeful graphic memoir about immigrating and fitting in in the United States -- perfect for fans of *Mexikid* and *American Born Chinese*!

Middle school is brutal on the best of days. It's even worse for twelve-year-old Chris Choi.

Two years ago, when he was on vacation in the U.S. with his mom, aunt, and uncle, Chris's mom changed his life forever: At the airport in Honolulu, when they were supposed to fly back to South Korea together, Chris's mom told him that she would be returning by herself, and that he would remain in the U.S. with his Aunt Unju and Uncle Steve so that he could have a better life.

Flash forward two years and Chris has worked to hide as much of his Korean identity as he can. He's perfected his English, learned all the lingo -- he's even managed to vanquish the beast that is his Korean accent. He's determined to fit into his new American life.

But is it worth it? He's still bullied for the way he looks, still deals with racist bullies, and he just never truly feels like he fits in. As Chris navigates his new life, he'll learn that there is more than one way to fit in.

Filled with hilarious callbacks to the 90s, Chris Choi's debut graphic novel is a poignant, heartfelt, and unflinching story of one boy's search for what it means to be an American.

Contributor Bio

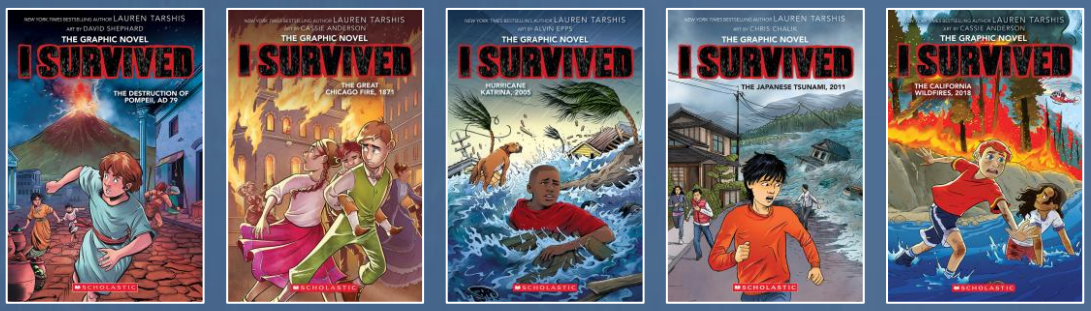

Chris Choi is a Korean American illustrator. He lived all around the world as an army brat but grew up mostly in Hawaii. He studied illustration at the School of Visual Arts in NYC, animated for several television shows, and taught at art schools. He's the One: A NEXT Novel (So Many Liams #1)

By (author) Britt Rubiano , Illustrated by Chan Chau

Feb 02, 2027 | Paperback , Trade | $13.99

***To All the Boys* meets *Clueless* in this lighthearted novel about Lily Fine, a popular overachiever who has her video diary leaked to hilarious and heartwarming results.**

Lily Fine, a popular overachiever, keeps a secret video diary on her computer where she talks about not only her real opinions on friends and teachers and family, but also about her long-time crush on Liam--the boy she hopes to go with to the spring dance she's planning. But when her video diary is accidentally leaked to the entire school, Lily has more than one problem--with more than one Liam! There are, in fact, five Liams in her grade and now each one believes himself to be the object of Lily's affection.

Now Lily must deal with the fallout with each of the individual Liams, as well as explain herself to the rest of the school. (She doesn't really think her co-chair of the service club is annoying, she didn't mean for everyone to see her and her best friend in cucumber masks.... It was a private diary!) Worst of all, the boy she has a crush on isn't even named Liam! And now Wil, who may just have been starting to like her, thinks she's in love with someone else....

Told in a fun, upbeat, relatable voice, the *So Many Liams* series will appeal to reluctant readers, light-romance lovers, and anyone who's ever felt embarrassed at school (so... everyone?).

Just Like Home 4

Foxed In (Just Like Home, Book Four)

By (author) Erin Soderberg Downing

Jan 05, 2027 | Paperback , Trade | $12.99

When Glen the llama picks up the scent of several fox kits who have been abandoned by their mother, Ruby and Henry will have to figure out how to humanely trap them and get them the care that they need!

A heartwarming and fun middle grade series from bestselling author Erin Soderberg Downing about a unique animal sanctuary, the full-time family who live there, and the rotating stable of animal guests who will learn what it really feels like to be loved and cared for.

Siblings Ruby and Henry have an unusual kind of home life compared to their friends. Their family operates an animal sanctuary with a unique collection of full-time pet residents: a pig, a dog, the world's bossiest cat, two silly goats, and a llama who thinks he's a human. Not to mention, Ruby and Henry's mom is also a vet at the animal clinic in town.

Now, Glen the llama is acting strange. Llamas are notorious for being "protectors" on farms. They love to protect their herd - goats, chickens, and other friends - by creating a ruckus and scaring away threats. And he ultimately leads Henry and Ruby to the hiding spot of several fox kits who have been abandoned by their mother. After a lot of false starts and failed chances, the kids try to work with a local agency to locate and humanely trap the injured animals so they can bring them into their care in the barn headquarters and get them the help they need, before bringing them to a local wildlife specialist.

Contributor Bio

Erin Soderberg Downing has published more than seventy-five highly acclaimed novels for kids, including *What Happened Then*, *Controlled Burn*, and *Just Keep Walking*. She has also written several popular and bestselling series for young readers: The Great Peach Experiment, Puppy Pirates, and Just Like Home. Mocha My Day (A Cup o' Jo Novel, Scratch & Sniff Cover Edition)

By (author) Katie Cicatelli-Kuc

Jan 05, 2027 | Paperback , Trade | $18.99

Valentine's Day falls upon the quaint and cozy town of Briar Glen in this new cozy romance from Katie Cicatelli-Kuc, author of the *New York Times* bestselling *Pumpkin Spice & Everything Nice* and *Mint to Be*!

This edition includes a special scratch and sniff cover and stenciled edges perfect for a cozy Valentine read!

Skylar Harris isn't perfect, despite Noah Green's first impression of her. When he bumps into her (literally) outside Cup o' Jo on his first day of work, it's far from a meet-cute: Skylar sees a leather jacket-wearing bad boy, and Noah sees Little Miss Perfect in glasses. But Noah doesn't have time to think about anything besides mixing mochas at barista bootcamp. And Skylar is mittens-deep getting ready for the annual winter carnival at her family's ski lodge...which is more challenging this year than usual.

Skylar just happens to be a regular at the coffee shop, though—it's where she can find a little space to write and dream, away from the increasingly frantic pace of the lodge. Who cares if she can't even figure out if she likes coffee! But ignoring Noah turns out to be harder than it looks, especially when Skylar discovers that behind Noah's angry exterior he's hiding a heart-wrenching pain that he can't fix by himself.

Bloodsucker

By (author) K. R. Alexander

Jan 05, 2027 | Paperback , Trade | $12.99

From master storyteller K.R. Alexander, a spine-tingling tale of a friendship with a vampire that could have very deadly consequences...

A strange family has moved in next to Carly. Their houses aren't exactly close, but from her bedroom window, Carly can see what's going on there... especially if she uses binoculars. The last neighbors were boring. But these neighbors are mysterious. Carly never sees them by day. And even at night... she only sees one kid living there.

She might leave it at that... but then people in town start to go missing. Carly feels she should warn the kid. Or maybe she's just looking for an excuse to meet him.

Ren seems very reluctant to open the door... but he also is too lonely not to. Carly feels there's something off about him -- and it gets even weirder when she accidentally cuts her finger. But... they connect. Carly's lonely too. A friendship forms.

The problem is: People keep disappearing. One kid is found in a coma, a bite mark on his neck.

Which can only mean one thing: Vampires.

Carly starts to suspect Ren of having a double life. At first he denies being a vampire... but then Carly tricks him into revealing himself. Okay, he says, he IS a vampire -- but he has not been hunting down people in town. At first Carly doesn't

Song of the River Dolphin

By (author) Reese Eschmann

Jan 05, 2027 | Paperback , Trade | $12.99

This is a heartwarming story about the bond between a girl and a baby dolphin, and finding the courage to use your voice. Perfect for fans of Barbara O'Connor and M.C. Ross!

When Ava first started school, she had a hard time talking to people. But once her dad taught her how to sing, she found her voice in other places too—until he died two years ago. Now, eleven-year-old Ava is struggling to speak again, especially when she's anxious. But when she's around the animals at the aquarium where her mom works, she feels at home.

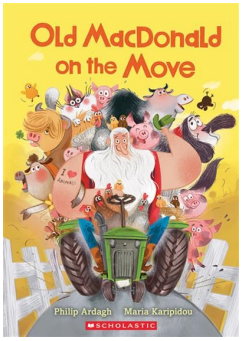

On a visit to see the wild dolphin habitat in a nearby river, Ava makes a quick connection with Spike, a baby dolphin that has an unusually pointed fin. Routinely checking up on him, Ava starts to realize that the river that Spike and his pod call home is being overrun with human activity and trash. And it's only getting worse. Until eventually, Spike is missing and the pod of dolphins is fleeing the polluted and rapidly developing area. Ava finds herself in a situation where, if she doesn't speak up, nobody will.

Old MacDonald On the Move

By (author) Philip Ardagh , Illustrated by Maria Karipidou

Jan 05, 2027 | Paperback , Trade | $12.99

An unexpected, action-packed, and utterly silly twist on children's all-time favorite nursery rhyme that will have little ones rolling around in laughter, hollering E-I-E-I-O!

Old MacDonald had a farm,

he loved with all his heart.

Like MacDonald, it got old,

and began to fall apart.

Old MacDonald's farm is falling apart! The piggies' sty is sinking in the mud, there's a leak in the barn, and everyone is getting rained on...

What will Old MacDonald do? Surely, he won't move the animals to a nearby fancy hotel? The cows would order grass in the restaurant; the pigs would splash in the pool; and the sheep would have a pillow fight. It could all just be... TOO MUCH FUN!

Contributor Bio

Rebecca Colby started “writing” before she learned the alphabet, creating songs from her imagination and memorizing the lyrics. Then at age 12, she won an essay contest and received a plane trip as her prize. This fueled her dreams of becoming an author. When not writing, Rebecca loves to dance, walk and avoid housework. She lives in North Yorkshire in the UK with her two daughters, three snails and multiple bunnies -- dust bunnies, that is.

Lydia Nichols is a certifiably red-headed image-maker and storyteller. She believes that process -- even when messy, maddening, or crisis-inducing -- is as important as the final work. Inspired by printmaking, her work embraces limited palettes and bold, layered shapes. As a kid she declared her intent to become either a vet or a cartoonist. She is neither, but still considers working as an illustrator who gets to draw anthropomorphic animals a childhood dream come true.

Indoor Girl

By (author) Krystle Brantzeg

Feb 02, 2027 | Hardcover $27.99

In this modern day Rapunzel story, fifteen year old Keysa's captivity is much more complicated than it is in fairytales. For starters, it's caused by her mother's paralyzing agoraphobia. But when a termite infestation eats its way into their home, an unlikely prince arrives in the form of the nephew of an exterminator who is in need of his own kind of saving.

Weaving together a thread of Jenny Han-esque romance with the mental health themes of *Picture Us in the Light, Indoor Girl* is a dark, screwball romance that simultaneously explores the messy tendrils of mother-daughter relationships amid mental illness, grief, and the push-and-pull of growing up.

Keysa is trapped.

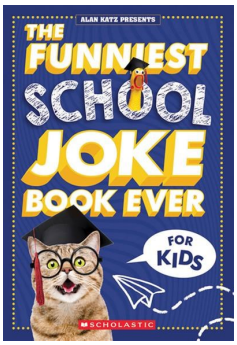

Ever since her father's death four years ago, fifteen-year-old Keysa Perrault's life has shrunk to the confines of her books, Pinterest boards, and bittersweet memories of when her mom's extreme agoraphobia didn't keep them both from leaving the house.

But when termites chew their way into Keysa's bedroom, they bring DJ Kim, a high school volleyball star who's grieving a recent death of his own and serving time with his exterminator uncle. And despite DJ's closed-off attitude and plummeting GPA, Keysa can't help but see in him a rare window of opportunity

Contributor Bio

In fifth grade Krystle Brantzeg won an essay contest and still has the prized polyester jacket to prove it. Long after that win, she received her BA in literature and writing and worked as a writer and graphic designer for a wedding magazine. She now authors stories and adventures with her husband, quartet of kids, and brassy rescue terrier, who make her feel like a winner every day.

SAY LESS

Dear Reader,

In late 2024, something odd happened: I forgot how to write.

Or, specifically, I lost my way on the book you're now holding. The totality of what transpired around that time cannot be overstated. Groceries became very controversial that fall. How many times did you turn on the TV, or scroll your favorite app, only to run into discourse concerning the price of eggs?

Why's that a big deal? What's it got to do with a YOUNG ADULT NOVEL, Lamar?

Well, I was writing a book about a girl who works in a grocery store, which seemed fairly innocuous. But as I was drafting, there was more overlap with the real world than liked or could handle. It was like when I was writing The Getaway all over again. The words I put on the page were being mirrored back to me in ways that felt too important to get wrong.

I imagine every writer hits a patch where they consider the worth of the story before them. That's when it's good that I have the editor I have (Hi, Jody!) and the colleagues whose names you know but are too numerous to list here. They reminded me that nearly everything I've written is about people surviving in a world that doesn't necessarily care if they do. What's more recognizable than that these days?

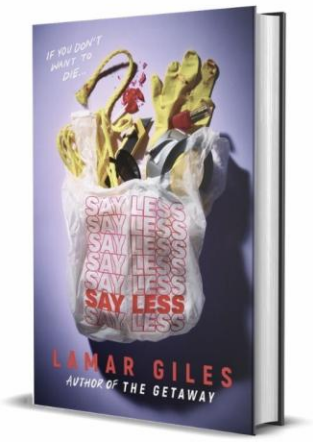

So, welcome to Keysbridge, Virginia. Population 5,818. Home of R& S Grocery, where sixteen- year- old Meela Berry is employed as an accidental low- key criminal. More of an aider and abetter than a knee-breaker and enforcer, she and most of the town are good at looking the other way, because what choice do they have? The legitimate businesses that floated the region for decades are gone. The powerful people who could help, don't. But one family has historically stepped up in legally sketchy ways. If they cross into the morally gray zone at times, who are the citizens of Keysbridge to object as long as rent can be paid and there's food on the table? Until tragedy strikes and the ghostlike syndicate in charge of things must have their feet held to the (bon)fire. What's a girl to do when the money's good but the morals aren't? How do you look away when there are bodies stacking up in every direction? How do you escape a town that's all dead ends?

Grab a cart—hopefully not the one with the weird, squeaky wheel—and roll past the pet food and paper towels to sit awhile with Meela and the Aisle 6 Murder Club.

You won't beat the prices or the allegations.

Sincerely,

Lamar Giles

Feb 02, 2027 | Hardcover $27.99

The Good Girl's Guide to Murder meets *Demon Copperhead* in this new fast-paced and wickedly smart read from three-time Edgar Award nominee Lamar Giles!

Welcome to Keysbridge.

Population 5,818 and dropping.

Where I live, everyone knows something -- true or false -- about the Goodwin family. Some say the Goodwins are just a myth born from small-town gossip and lack of opportunities. Others have one of those red-string conspiracy boards that explains how the Goodwins basically built the town and run everything. We're not supposed to ask questions here. Not if you know what's good for you.

And yet, questions abound.

What if there really was one family that ran our town?

Effie and her older sister, Deja, have recently moved into their father's trailer after an incident at their mom's house. Daddy communicates with Effie by pointing, stomping on the floor, and making thoughtless jokes. Even if they did understand each other, could she tell the terrible secret she carries when telling feels impossible—and dangerous?

But what if telling is the only way to be seen?

This tender, spare, emotionally charged story about the impact of abuse and the power of love explores what it feels like to be an outsider in your own family and to awaken—through friendship, writing, and kinship with the natural world—to a new understanding and appreciation of yourself.

By (author) Kelly Andrew

Feb 02, 2027 | Paperback , Trade | $21.99

An instant *New York Times* bestseller! The first in a darkly romantic duology that explores disability, obsession, and the twisted limits of loyalty.

Shea Parker has lived her entire life in the shadow of the Gravewood, an impassable forest that's cut off her town from the rest of the world. Desperate, Shea turns to the only person who can help -- Oliver Lysander, the volatile leader of a vampiric gang that rules the Gravewood.

The arrangement between Shea and Lysander starts off simply enough. She gives him her blood. He tracks down batteries. They don't cross any lines. They don't make it personal. And if Shea agrees to Turn, Lysander will give her a cure for her ailing mother. For the first time ever, Shea finds herself leaving home. Cleaning Solutions

By (author) Roy Guzmán

Mar 02, 2027 | Hardcover $27.99

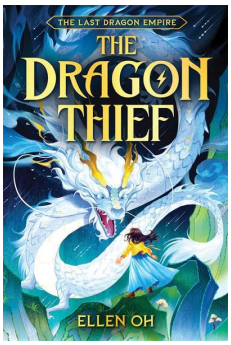

The utterly remarkable YA debut of acclaimed poet Roy Guzmán, giving powerful voice to their experience as a child new to America, who at age nine spends his days cleaning houses with his mother instead of being able to go to school and by age thirteen is learning to navigate the perilous road forward into a world of queerness, art, and acceptance.

At age 9, Roy emigrates from Honduras to Miami, sharing a bed with his mother and other women in a house with several other women. Because he doesn't have a legal guardian who holds US citizenship, he spends his weekdays cleaning houses and other spaces alongside his mother, and weekends helping his stepfather at his factory job, making parts for dumpsters. He doesn't start school until fifth grade, and when he gets there, he is bullied horribly for being queer, an immigrant, and a non-English speaker. It is only when he switches to a Lutheran private school at the age of thirteen that he finally finds a space where he can express himself fully. As we see Roy grow, we see a vivid portrait of an immigrant child trying to reconcile a world filled with racism, poverty, homophobia, bullying, and machismo.

By (author) Ellen Oh

Impossible Creatures meets *Greenwild* in a new series from critically acclaimed author Ellen Oh!

Life is hard for Duri and her family. Her mama is sick with the blood plague and her papa struggles to find work, taking whatever jobs he can find. Then one day the crown prince's guards break down the door, ransack their home, and arrest Papa, along with others throughout the kingdom. The prince has been robbed and will stop at nothing to get back what's his. The last thing Papa says to Duri is to help their family—all of them. Duri has no idea what that means.

When a boy named Rio arrives that afternoon looking for Papa, Duri realizes this is who she is supposed to help. Rio explains that he hired Papa to help transport some goods to a buyer in another land. The money would be life changing for Duri's family, so she finds herself agreeing to take Rio. Only Duri didn't realize that the goods were stolen dragon eggs. Eggs that belong to the prince and his dragon army.

Unable to refuse, Duri sets off with Rio. But soon they are being hunted by the deadly dragonkeepers and an entire empire. As Rio and Duri continue the dangerous journey, Duri starts to question whether dragons can truly belong to anyone or if they should be free. But can one girl stand up to an all-powerful prince?

Twelve-year-old Lidia is outside her grandfather's house when planes fly overhead, bearing the Nazi cross on each wing. Before the bombs hit the ground, Lidia realizes her life is about to change forever. Poland has fallen under German occupation, and her father makes the brave decision to join the Polish army to fight against the Nazis. Lidia wants to follow him into war, but she's far too young, and she's needed by her mother and brother.

After her family returns to Warsaw, where life has changed irrevocably, Lidia continues to play the piano, finding comfort in Chopin, Bach, and Beethoven. But she also wants to aid the Jewish people held captive in the Warsaw Ghetto. With the help of a friend, Lidia begins to smuggle wheat and food into the ghetto. Still, she feels like she could be doing so much more. She wants to fight. After her brother joins the resistance, Lidia wants only to follow in his footsteps. Soon, she begins to work as a courier, smuggling weapons and messages for the resistance throughout the city.

When the Warsaw city uprising begins-one year after the more well-known Warsaw Ghetto uprising by Polish Jews-with gunfire and bombs echoing throughout the streets, Lidia joins the Polish nationalists' fight, too, and she and her peers fight with everything they've got. Life will continue to surprise Lidia, as she and the resistance fighters do their best to defeat the German soldiers. When We Flew Away: A Novel of Anne Frank Before the Diary

By (author) Alice Hoffman

Mar 02, 2027 | Paperback , Trade | $13.99

Bestselling author Alice Hoffman delivers a stunning tour de force about one of contemporary history's most acclaimed figures, exploring the little-known details of Anne Frank's life before she went into hiding--now in paperback!

Anne Frank's *The Diary of a Young Girl* has captivated and inspired readers for decades. Published posthumously by her bereaved father, Anne's journal, written while she and her family were in hiding during World War II, has become one of the central texts of the Jewish experience during the Holocaust, as well as a work of literary genius.

With the Nazi occupation of the Netherlands, the Frank family's life is turned inside out, blow by blow, restriction by restriction. Prejudice, loss, and terror run rampant, and Anne is forced to bear witness as ordinary people become monsters, and children and families are caught up in the inescapable tide of violence.

In the midst of impossible danger, Anne, audacious and creative and fearless, discovers who she truly is. With a wisdom far beyond her years, she will become a writer who will go on to change the world as we know it.

Critically acclaimed author Alice Hoffman weaves a lyrical and heart-wrenching novel of the way the world closes in on the Frank family from the moment the Nazis invade the Netherlands until they are forced into hiding, bringing Anne to bold, vivid life.

Based on extensive research and published in cooperation with the Anne Frank House in Amsterdam, *When We Flew Away* is an extraordinary and moving tour de force.

Contributor Bio

Alice Hoffman is the highly acclaimed author of over thirty novels for readers of all ages, including: *The Witches of Cambridge*, *The Dovekeepers*, *The World That We Knew* -- winner of the Dayton Literary Peace Prize, *The Marriage of Opposites*, *Practical Magic*, *Incantation*, *The Foretelling*, and most recently, *The Invisible Hour*. Her previous novels for Scholastic Press are *Aquamarine*, which was made into a major motion picture, *Indigo*, *Green Witch*, and *Green Angel*, which *Publishers Weekly*, in a starred review, called "achingly lovely." She lives outside of Boston.

Mar 02, 2027 | Hardcover $26.99

In a city evacuated by humans after a cataclysmic event, the animals in a pet shelter must bravely venture out into a changed world... and make their way to a safer place. A thrilling adventure perfect for fans of Katherine Applegate, *I Am Rebel*, Kate DiCamillo, *Last Kids on Earth*, and Rosanne Parry.

"Steve Cole is a master storyteller. Prepare to meet your new favourite bunch of scrappy animals." -- Eoin Colfer, author of the Artemis Fowl series

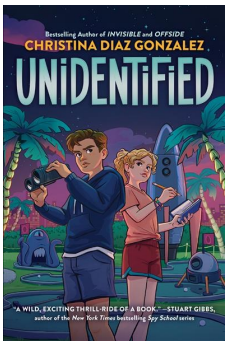

Scamp and the other animals in the pet shelter are very used to their routine. Their human, Pam, takes good care of them. Even as strange and dangerous things have happened outside the store, the animals have remained safe and protected.

Then one day Pam doesn't show up. Suddenly the animals are now on their own. And in order to survive, they are going to have to go outside and find a new safe place.

Scamp must lead the animals -- two dogs, a rabbit, a parrot, a mean cat, and two tiny hamsters -- on a survival adventure through an abandoned city, where other, wilder animals roam free. It's a fur-raising, twist-and-turn-filled journey in a world gone... wild.

FEAST OF HEARTS

TERI DEDERER

Dear Reader,

Welcome to the world of Oculus Dei: Vincere est vivere.

I started drafting Feast of Hearts on summer breaks while I was teaching in Silicon Valley. My drive to work each day took me past pastures full of grazing horses and pristine stables. I hadn't ridden in over a decade, but I remembered what it felt like to be atop a creature ten times more powerful than you, to be moving fast, feeling as though you're on the brink of losing control.

Realizing, perhaps, that you never had control in the first place.

Epona, Draig, and the world of Oculus Dei grew out of these inspirations—the idea of a fiercely competitive pegasus racer with a burning desire to challenge every limitation placed on her. A pegasus whose wings have been clipped but yearns for the freedom of the sky. And Oculus Dei, a school where the opulent glamour masks the dark secrets of the ruling Imperials . . . Epona's classmates. For as in Silicon Valley, Epona's world is marked by extreme wealth inequality, where some will do anything to keep power out of the hands of the underclass.

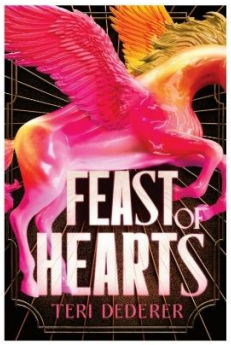

Epona can't fight injustice all on her own.

Feast of Hearts is also a story full of found family…and all the yearning. Enter Lord Iolo, my take on a Mr. Darcy—Elizabeth Bennet romance. Iolo is cool and reserved, annoyingly perfect at everything from magic to racing pegasi. Constrained by the empire's rigid hierarchy, any relationship between Iolo and Epona is forbidden…yet the more they compete against one another, the more tempted Epona becomes to break the rules.

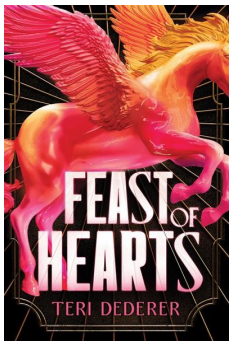

On a final note, for all of you who decided to give this book a chance, thank you. If writing and publishing a book has taught me anything, it is that you have to get comfortable with failure. Similarly, I hope Epona's relentless fight for her dreams will inspire you to cultivate your own courage and resilience.

Try, fail, and keep going.

With much love and gratitude,
Teri

Feast of Hearts

By (author) Teri Dederer

Apr 06, 2027 | Hardcover $29.99

***Divine Rivals* meets *Fourth Wing* in a lavish, achingly romantic fantasy set against the dark glamour of a school for dangerous magic.**

Welcome to Oculus Dei, the most prestigious school in the empire. Here, the brightest Imperial mages learn to master their burgeoning magic. But for Epona, the school is no dream -- it's a ruthless battlefield.

Born in the Gutters, Epona was raised to serve, not to wield power. That changes when she miraculously heals a flightless pegasus whose wings have been clipped. The act reveals magical talents that shock the empire and give her the chance to attend Oculus Dei where she'll become one of the elites instead of serving them. The catch? She must finish first in her class or have her magic violently stripped away forever.

The only person who stands in her way is Lord Iolo, the empire's golden boy. Not only does he dominate the class rankings, he's everything Epona was raised to despise. Yet beneath his aloof exterior, he's kind and generous. But romance between Epona's kind and the Imperials is forbidden, and his overtures are a distraction she can't afford... one that makes her vulnerable to sabotage.

Failure isn't an option for Epona, but when she discovers the shocking, horrifying source of the Imperials' magic, she must decide what she's truly fighting for: a permanent place in this gilded society? Or the chance to burn it all down...

Apr 06, 2027 | Paperback , Trade | $18.99

***The Selection* meets Disney's Twisted Tales series in a sparkling romantasy in which Cinderella uses magic to become the belle of the ball... and outshine her princess competitors!**

Ever since her beloved father's death, Annabelle lives with her stepmother, Melusina, and stepsisters, Bryony and Poppy. They treat her as a servant, expecting her to attend to them at all hours of the day.

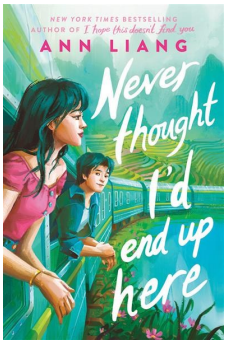

But Annabelle is good for more than just cooking and cleaning: the daughter of a seamstress, she can use magic to weave extravagant gowns out of things like smoke, sea foam, and starlight. Her stepsisters take credit for her work and become known throughout the capital for their talents.

When Prince Cender comes of age and is expected to marry, the kingdom's most eligible young ladies are invited to come live at the palace for a few months -- twelve noblewomen known for their beauty, elegance, and most of all, their magical gifts. Magic is a big part of falling in love. When you cast a glamor, you project part of your soul into the world, creating a special kind of energy that'll attract the people most compatible with you. Every week, the potential princesses will attend a lavish ball where they'll have the chance to speak with Prince Cender... and show off their glamors.

Melusina is thrilled when Poppy and Bryony receive their invitations. There's just one problem: her talentless daughters won't last a week on their own. She arranges for Annabelle to take a job as a palace maid so that she can continue making their ball gowns, giving one of them a chance to marry the prince.

Apr 06, 2027 | Hardcover $26.99

***The Little Mermaid* meets *In the Heights* in Debbie Rigaud's magical and clever middle-grade take on the classic fairy-tale!**

It's the hottest summer in Newark, New Jersey's history, and all Rielle wants is to cool off. She's already on the outs with her dad and best friend, and her vacation is ruined by summer school—so turning on the long-dormant fire hydrant on her corner isn't going to change things. When the hydrant sprays, it comes on full power...in more ways than one. Rielle's mermaid powers are awakened.

She can use her powers to slip into a magical underwater neighborhood. The mermaid version of her estranged best friend is here, and so are her classmates and neighbors. And they're all happy to see her! It seems like Rielle slipped into an alternative universe where everything is perfect—except for one drawback. Underwater, Rielle can't speak.

Is the world of her dreams worth losing her voice over? And when Rielle discovers a secret about a neighbor, can she use her mermaid powers for good?

President Barack Obama invited Richard Blanco to write a poem to share at his second presidential inauguration. That poem is *One Today*, a lush and lyrical, patriotic commemoration of America from dawn to dusk and from coast to coast. Brought to life by beloved, award-winning artist Dav Pilkey, *One Today* is a beautiful example of how poetry can speak to young readers. Richard Blanco's poem and Dav Pilkey's illuminating artwork span the country, honoring its rich diversity while also pointing to the shared values and hopes that connect us.

"Richard's writing will be wonderfully fitting for an Inaugural that will celebrate the strength of the American people and our nation's great diversity." -- President Barack Obama

Contributor Bio

Selected by President Obama as the fifth Presidential Inaugural Poet in U.S. history, Richard Blanco was the youngest, first Latinx, first immigrant, and first gay person to serve in that role. In 2023, Blanco was awarded the National Humanities Medal by President Biden. Born in Madrid to Cuban exile parents and raised in Miami in a working-class family, Blanco's personal negotiation of cultural identity and the universal themes of place and belonging characterize his many collections of poetry. He has also authored the memoirs *For All of Us, One Today*, and *The Prince of Los Cocuyos*. Blanco has received numerous awards, including the Agnes Starrett Poetry Prize, the PEN American Beyond Margins Award, the Patterson Prize, and a Lambda Prize for memoir. He was a Woodrow Wilson Fellow and has received numerous honorary degrees. Currently, he serves as Education Ambassador for the Academy of American Poets and is an Associate Professor at Florida International University. In April 2022, Blanco was appointed the first-ever Poet Laureate of Miami-Dade County.

When Dav Pilkey was a kid, he was diagnosed with ADHD and dyslexia. Dav was so disruptive in class that his teachers made him sit out in the hallway every day. Luckily, Dav loved to draw and make up stories. He spent his time in the hallway

I Survived True Survivors 2

The Volcano That Changed the World: The Eruption of Mount Tambora, 1815 (I Survived True Survivors #2)

by Lauren Tarshis

Apr 06, 2027 Paperback , Trade $9.99 CAD

I Survived: True Survivors explores high-danger nonfiction topics through the eyes of real kids who lived to tell their stories! In 1816 Vermont, John Hoisington and his family were starving. What John couldn't have imagined was that his hunger began with a volcano 10,000 miles away...

Snowstorms in winter weren't a big deal in John Hoisington's Vermont town. But a snowstorm in June? That was disastrous. It killed his family's crops and soon they were starving. But the Hoisingtons weren't the only ones experiencing strange weather. For a few years after 1815, people around the world faced odd droughts, floods, and frosts. Why? The answer wouldn't be known for 200 years.

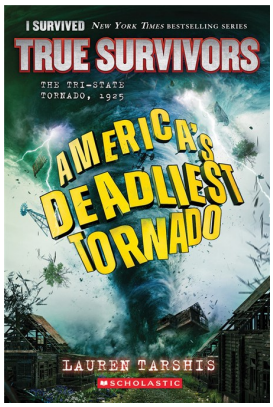

Today, scientists understand that while the 1815 eruption of Mount Tambora in Indonesia instantly killed 12,000 people, its weather effects around the world led to far more deaths -- almost 30 million. Who was affected around the world? And how did John's family survive?

With cliff-hangers at the end of every chapter, illustrations on every page, more photos and facts at the back, and a short word count to hold kids' attention, this narrative nonfiction chapter book is perfect for fans of the I Survived historical fiction chapter books, young readers interested in nature and STEM topics, and anyone who enjoys high-action stories of danger, survival, and hope

America's Deadliest Tornado: The Tri-State Tornado, 1925 (I Survived True Survivors #1)

by Lauren Tarshis

Apr 06, 2027 Paperback , Trade $9.99 CAD

The first book in this thrilling nonfiction series from *New York Times* bestselling author Lauren Tarshis, I Survived: True Survivors explores high-danger nonfiction topics through the eyes of real kids who lived to tell their stories. The Tri-State Tornado sucked whole towns into the sky. So how did eleven-year-old Adrian Dillon survive?

Adrian Dillon is walking to the train station in his tiny town of Parrish, Illinois, when the sky turns greenish black. The wind starts to howl. Then he sees it -- a strange swirling cloud snaking down from the sky. It tears across the land, shattering everything in its path. Adrian runs toward the nearby schoolhouse.

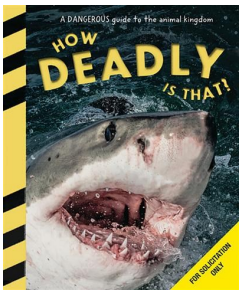

But within minutes, the schoolhouse is gone. So is Adrian's family farm. In the next few hours, nearly 700 people will be dead and more than 200 miles of land in Indiana, Illinois, and Missouri will be destroyed by what is still -- 100 years later -- America's deadliest tornado.

With cliff-hangers at the end of every chapter, illustrations on every page, more photos and facts at the back, and a short word count to hold kids' attention, this narrative nonfiction chapter book is perfect for fans of the I Survived historical fiction chapter books, young readers interested in nature and STEM topics, and anyone who enjoys high-action stories of danger, survival, and hope.

Hidden from Hitler: How One French Resistance Network Saved Over 500 Jewish Children from the Nazis

By (author) Susan Wider

Mar 02, 2027 | Hardcover $27.99

Perfect for history and World War II enthusiasts and thick with tension and intrigue, this true story by National Jewish Book Award-winning author Susan Wider presents a young couple's quest to save as many Jewish children as possible from the deadly grips of the Nazis in France. Sure to keep readers on the edge of their seats!

"We were not heroes."

French-Jewish doctor Odette "Sylvie" Rosenstock and her friend, Syrian-Jewish actor and philosopher Moussa "Monsieur Marcel" Abadi, were forced to flee Paris after the Nazis defeated France during World War II and began their violent, hateful campaign to destroy the Jewish people. However, when Odette and Moussa discovered that the Nazis were brutalizing Jewish children, they found that they just couldn't sit idly by.

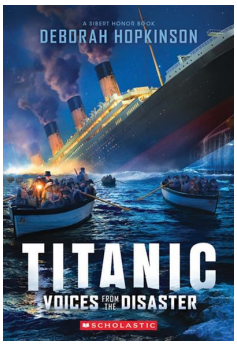

Using false identities, the young couple created The Marcel Network, and with the help of many people from all walks of life--priests, nuns, Protestant families, and others--they created a secret web of refuge, places where they could hide Jewish children in plain sight.

Their efforts saved 527 children.

Packed with photographs, archival records, and the testimonies of the rescuers and children who were saved, this is the thrilling and timely true story of heroic courage, sacrifice, and love, in the face of ultimate evil, by National Jewish Book Award-winning author Susan Wider.
