**SUMMER 2023 REP PICK!** Allie Chenoweth, Scholastic - National Account Manager, Library & Educational Retail Accounts:

"This adorable new series bursts at the seams with whimsy and charm. Clementine Fox would much rather embark on an adventure to a mysterious, magical island than face one more math test. Fortunately, she has devoted pals Nubbins Squirrel and Penelope Rabbit by her side, and together they learn what it means to stick together and the value of facing your problems head-on. Leigh Luna is a rising graphic novel star to watch."

By (author) Peter Wartman , Illustrated by Felia Hanakata

Aug 01, 2023 | Paperback , Trade | \$16.99

Fans won't want to miss this original canon story set in the world of the Emmy® Award-winning Netflix animated series *The Dragon Prince*, with story by the creators of the series and of the *New York Times* bestselling *Through the Moon* (The Dragon Prince Graphic Novel #1).

Learning magic is no easy thing, even for young Claudia. Despite a bit of help from a book of spells created by Kpp'Ar, her father's former mentor, it's all she can do to keep things from blowing up in her face—often with spectacularly messy results.

But a spell book isn't the only thing that Kpp'Ar left behind when he suddenly and mysteriously vanished. In his wake stands the Puzzle House, a bizarre tower full of magical traps, tricks, contraptions, and—what else—puzzles. Claudia is sure that the old mage left a gift for her and her brother, Soren, somewhere deep within its walls, and she is determined to find out exactly what it is. Can Claudia and Soren uncover all the mysteries hidden within the Puzzle House? Or will they discover a darkness that will change them forever?

### Stars in Their Eyes: A Graphic Novel

by Jessica Walton, Aška  
Aug 01, 2023 Paperback , Trade \$21.99 CAD

**In this lighthearted YA romance, Maisie and Ollie discover that nothing beats the feeling of falling in love for the first time.**

Maisie is on her way to Fancon! She's looking forward to meeting her idol, Kara Bufano, the action hero from her favorite TV show, who has a lower-leg amputation, just like Maisie. But when Maisie and her mom arrive at the convention center, she is stopped in her tracks by Ollie, a cute volunteer working the show. They are kind, charming, and geek out about nerd culture just as much as Maisie does. And as the day wears on, Maisie notices feelings for Ollie that she's never had before. Is this what it feels like to fall in love?

Perfect for fans of *Heartstopper* and *Laura Dean Keeps Breaking Up with Me*, this graphic novel debut is a fresh, one-of-a-kind story that celebrates the excitement of meeting someone special for the first time.

#### Notes

**SUMMER 2023 REP PICK!** Cathy Robertson, Scholastic - Trade Sales Representative, Eastern Ontario, Québec, Atlantic Canada, Manitoba, Saskatchewan:

"This is a young adult graphic novel and the story of a budding romance between differently abled Maisie and non-binary Ollie. The story takes place over the course of one day at a Comic Con. This is a super gentle, first crush, fluttery heart romance in the tradition of *Heartstopper* where the main players just happen to be gay and differently-abled and non-binary. This story does not come off as immature even though there is no sexual content, and the representation is very refreshing as it does not rely on standard themes in LGBTQ literature to move the story forward."

**As Long As We're Together**

By (author) Brianna Peppins

May 16, 2023 | Hardcover \$26.99

A heartstring-tugging, uplifting, modern spin on Party of Five -- a love letter to family, hope, and finding strength in unexpected places.

Even though she has six siblings, sixteen-year-old Novah still knows what it's like to feel lonely. Her friends never remember to invite her anywhere because they assume Novah will be too busy overseeing dinner, baths, and homework -- tasks that fall to her when her parents are at work. She wouldn't mind it so much if her "perfect" older sister, Ariana, wasn't always excused from helping out. She's the star of the volleyball team, and their parents don't want anything to jeopardize the scholarships she'll need to become the first member of their family to attend college.

Needless to say, Novah feels like she's been given a raw deal, especially when she's forced to cancel a maybe-date with her crush, Hailee.

Then one terrible night, their parents don't make it back home. A car accident takes their lives and leaves seven heartbroken kids on their own. The Wilkinson siblings have no grandparents, no aunts or uncles. Since Ariana has just turned eighteen, she manages to convince the judge to give her temporary custody. If she can keep her family running smoothly, they'll get to stay in their home. If not, they'll be placed into foster care.

Novah will do whatever it takes to keep her family together but finds herself in a constant power struggle when Ariana refuses to take her advice, even once it becomes clear that they are all in way over their heads. Will Novah find her voice and summon the strength to do the impossible? Or will she be forced to say the hardest goodbyes of all?

**Where You See Yourself**

By (author) Claire Forrest

May 02, 2023 | Hardcover \$26.99

*Where You See Yourself* combines an unforgettable coming-of-age tale, a swoon-worthy romance, and much-needed disability representation in this story about a girl who's determined to follow her dreams.

By the time Effie Galanos starts her senior year, it feels like she's already been thinking about college applications for an eternity—after all, finding a college that will be the perfect fit *and* be accessible enough for Effie to navigate in her wheelchair presents a ton of considerations that her friends don't have to worry about.

What Effie hasn't told anyone is that she already knows exactly what school she has her heart set on: a college in NYC with a major in Mass Media & Society that will set her up perfectly for her dream job in digital media. She's never been to New York, but paging through the brochure, she can picture the person she'll be there, far from the Minneapolis neighborhood where she's lived her entire life. When she finds out that Wilder (her longtime crush) is applying there too, it seems like one more sign from the universe that it's the right place for her.

But it turns out that the universe is full of surprises. As Effie navigates her way through a year of admissions visits, senior class traditions, internal and external ableism, and a lot of firsts--and lasts--she starts to learn that sometimes growing up means being open to a world of possibilities you never even dreamed of. And maybe being more than just friends with Wilder is one of those dreams...

## The Storyteller

By (author) Brandon Hobson

May 02, 2023 | Hardcover \$23.99

**From National Book Award finalist Brandon Hobson, a kaleidoscopic middle-grade adventure that mixes the anxieties, friendships, and wonders of a Cherokee boy's life with Cherokee history and lore.**

Ziggy has ANXIETY. Partly this is because of the way his mind works, and how overwhelmed he can get when other people (especially his classmate Alice) are in the room. And partly it's because his mother disappeared when he was very young, making her one of many Native women who've gone mysteriously missing. Ziggy and his sister, Moon, want answers, but nobody around can give them.

Once Ziggy gets it in his head that clues to his mother's disappearance may be found in a nearby cave, there's no stopping him from going there. Along with Moon, Alice, and his best friend, Corso, he sets out on a mind-bending adventure where he'll discover his story is tied to all the stories of the Cherokees that have come before him.

Ziggy might not have any control over the past -- but if he learns the lessons of the storytellers, he might be able to better shape his future and find the friends he needs.

## The Beautiful Something Else

By (author) Ash Van Otterloo

May 16, 2023 | Hardcover \$23.99

**Full of humor and heartbreak, this story about a nonbinary character navigating a binary world is perfect for fans of Alex Gino and Kyle Lukoff.**

It's exhausting trying to be the perfect daughter. Still, getting good grades without making any waves may be the only way to distract from the fact that Sparrow Malone's mother is on the verge of falling apart. Which means no getting upset. No being weird. No standing out for the wrong reasons.

But when Mom's attempts to cope spiral out of control, Sparrow is sent to live with Aunt Mags on a sprawling estate full of interesting, colorful new neighbors. And for the first time, trying to fit in doesn't feel right anymore. Even Sparrow's shadow has stopped following the rules.

As Shadow nudges Sparrow to try all the scary, exciting things Mom has always forbidden, Sparrow begins to realize something life-changing: They don't feel like a girl. Or a boy. And while this discovery is exciting, now Sparrow must decide whether to tell everyone—their new family and friends, not-so-secret crush, and, most importantly, their mom—the truth, especially if it means things change forever.

**A hilarious new middle-grade from justin a. reynolds that asks: What happens when five unsupervised kids face the apocalypse under outrageously silly circumstances?**

Twelve-year-old Eddie Gordon Holloway has concocted his most genius plan ever to avoid chores . . . especially the dreaded L-A-U-N-D-R-Y. If he can wear every item of clothing in his wardrobe, summer will be halfway over before he has to do laundry!

On the day of the highly anticipated Beach Bash, Eddie ends up grounded until he can get his clothes clean. While left home alone to do his laundry, the power goes out mid-cycle. With his first load of laundry soaking wet and the rest still filthy, Eddie sets out to explore the seemingly empty neighborhood in just his swim trunks and flip-flops.

## Praise for Simon James Green

“One of the most hilarious, romantic writers in the game right now”  
– Becky Albertalli (author of *Simon vs. the Homo Sapiens Agenda*)

“Smart, sharp and blisteringly funny, *Gay Club!* is a celebration of the LGBTQ+ community, a clarion call for unity, and a truly sensational book”  
– Matt Cain (author of *The Secret Life of Albert Entwistle*)

## A Note from Simon

*There was no such thing as a “gay club” when I was at school. Section 28 made sure of that. So one of the best things about doing author visits in schools today is seeing how much has changed, and how there are now loads of LGBTQ+ societies, full of the most fabulous, kind, wonderful teenagers you could ever hope to meet.*

*In a world of social media outrage, vile opinion pieces in national newspapers, and with so many people out there who wish the LGBTQ+ community harm, these kids are a beacon of hope. They understand the importance of community. They get why we need to stand united. This book is a love letter to them.*

# the LIBRARY of BROKEN WORLDS

Dear Reader,

More than a decade ago, while still in the thick of drafting my YA novel *Love Is the Drug*, I had a flash, like a waking dream: A girl crossing the desert, alone, to reach a god. The god wanted to kill her, and like Scheherazade, she would tell the story of how she came to cross the desert in order to save her own life. I wasn't sure where she came from, and I wasn't sure why, but the image of this fierce storyteller stayed with me for years. In the meantime, I ended up crossing a different kind of desert: Confronted with the need to reimagine my own life, I migrated to a different country, learned a new language, and discovered potential within myself I had only ever suspected existed. And while my life was radically growing, Freida's story did as well.

Boy, did it grow. The process of discovering Freida and her world took me to places I never could have imagined. I've spent more than seven years on this project, and my love for it has expanded like the universe. To me, this is the culmination of everything I've wanted to achieve as a writer of fiction for teens. It's big, sure, but that's because it's BIG.

Only in young adult literature could I have the freedom and space to tackle a bisexual coming-of-age, conflicting theories of social economy, the limits of personhood for advanced artificial intelligences, radically changed gender norms, and the philosophy of quantum mechanics. And, Reader, I didn't hold back. If I have a bucket-list novel, this is the one.

But why?

Because my dream as a writer has never been to just write narratives that center BIPOC, though of course that's incredibly important to me. I want to help shift the terms of the conversation itself. It's not enough to just achieve parity with the kinds of stories we've all become accustomed to. I don't just want the old stories with different faces.

I'm more ambitious than that, and I think teen readers are, too. We want to unleash our imaginations to allow the ways our diverse experiences have shaped who we are to propel us into different worlds, different ways of being, different ways of telling stories, different futures. The old stories, the old futures, they're the ones that are leading us straight off a cliff, as any teen can tell you. I wrote this novel for the teen girl in me who needed not only to see herself in a story, but also to be allowed to dream truly, freely, and radically.

I hope you'll enjoy dreaming with her.

Alaya

"If a small-town high school wasn't already a hotbed for rumours and lies to spread like wildfire... just wait until QAnon-esque conspiracy theories enter the fray. This unputdownable debut YA thriller is written by a former CIA officer and expert on disinformation, and exceptionally demonstrates how even the smartest people we know can become sucked in by the wildest conspiracies."

## Love Letters for Joy

By (author) Melissa See

Jun 06, 2023 | Hardcover \$25.99

A new LGBTQIA+ romance story by the author of *You, Me, and Our Heartstrings*.

Less than a year away from graduation, seventeen-year-old Joy is too busy overachieving to be worried about relationships. She's determined to be Caldwell Prep's first disabled valedictorian. And she only has one person to beat, her academic rival Nathaniel.

But it's senior year and everyone seems to be obsessed with pairing up. One of her best friends may be developing feelings for her and the other uses Caldwell's anonymous love-letter writer to snag the girl of her dreams. Joy starts to wonder if she has missed out on a quintessential high school experience. She is asexual, but that's no reason she can't experience first love, right?

She writes to Caldwell Cupid to help her sort out these new feelings and, over time, finds herself falling for the mysterious voice behind the letters. But falling in love might mean risking what she wants most, especially when the letter-writer turns out to be the last person she would ever expect.

## You, Me, and Our Heartstrings

By (author) Melissa See

Jun 06, 2023 | Paperback , Trade | \$16.99

What if the whole world was watching while you fell in love for the first time?

Daisy and Noah have the same plan: use the holiday concert to land a Julliard audition. But when they're chosen to play a duet for the concert, they worry that their differences will sink their chances.

Noah, a cello prodigy from a long line of musicians, wants to stick to tradition. Daisy, a fiercely independent disabled violinist, is used to fighting for what she wants and likes to take risks. But the two surprise each other when they play. They fall perfectly in tune.

After their performance goes viral, the rest of the country falls for them just as surely as they're falling for each other. But viral fame isn't all it's cracked up to be. No one seems to care about their talent or their music at all. People have rewritten their love story into one where Daisy is an inspiration for overcoming her cerebral palsy and Noah is a saint for seeing past it.

Daisy is tired of her disability being the only thing people see about her, and all of the attention sends Noah's anxiety disorder into high speed. They can see their dream coming closer than it's ever been before. But is the cost suddenly too high?

**The Ruby Code**

By (author) Jessica Khoury

Jun 06, 2023 | Hardcover \$23.99

From Jessica Khoury comes a high-action sci-fi adventure about a video game AI come to life. *Warcross* meets *Ready Player One* in this thriller set in a high-tech near future.

Bullied at school and home, Ash finds respite from his unhappy life in virtual reality games. One night, he spends his meager savings to help a stranger, who thanks him with a copy of an old fantasy game called *The Glass Realm*.

While exploring the game, Ash meets a seemingly humble shopkeeper named Ruby. But from the start, Ruby seems different than the other townsfolk—especially when she and Ash stumble across an in-game quest designed not for the player, but for *Ruby* to solve. When Ruby begins developing powerful abilities that can rewrite the very code of the game, they realize she is far more than a pre-programmed side character.

Following the quest left for her in *The Glass Realm*, the pair discover that Ruby is actually a sentient AI who's been hidden inside the game. Originally built as a weapon, her developer stole her from his employers and hid her away, hoping to keep her safe.

That safety vanishes when Ash and Ruby are targeted by the powerful shadow organization who funded Ruby's development, and who would use her to spark a world war to rack up huge profits. Caught in a deadly game that blurs the lines between real and virtual, Ash and Ruby must flee for their lives. If they lose this game—they might just doom the world.

## Nightmare Island

By (author) Shakirah Bourne

Jun 06, 2023 | Hardcover \$23.99

**From rising star Shakirah Bourne, author of *Josephine Against the Sea*, comes a mysterious adventure that explores one of the most chilling tales in Caribbean mythology: the faceless douen children.**

Twelve year-old Serenity Noah has never told anyone about her recurring nightmares -- the haunting images of silver butterflies whose flapping wings drive away all sound, leaving only suffocating silence in their wake. Her parents already favor her "perfect" younger brother, Peace, and she doesn't want to be seen as the "problem" child.

Instead, Serenity's found a productive way to channel her fears: creating a horror movie as scary as her nightmares.

When Peace suddenly becomes afraid of the dark and refuses to sleep alone, their parents take him away for "treatment" on Duppy Island. Serenity has a very bad feeling about the mysterious island and the facility's creepy leader, Dr. Whisper. And when she sees a silver butterfly from her nightmares in the forbidden forest she realizes that something is seriously, dangerously awry.

But nothing could've prepared Serenity for the truth: the island is home to douens -- faceless children with backward feet who are trapped in limbo between the world of the living and the land of the dead. And unless Serenity acts soon, her brother is going to join their ranks...

**Bubble Trouble**

By (author) Wendy Wan-Long Shang

Jul 18, 2023 | Hardcover \$23.99

Award-winning author Wendy Wan-Long Shang brews a frothy and bright story, filled with humor and heart, about friendship, first crushes, and finding one's own way in *Bubble Trouble*.

How many problems can a delicious cup of bubble tea cause? Plenty, if you're Chloe Chen. For starters, Chloe wants to go on the class trip to Broadway -- an expense Chloe's not sure she and her dad can afford since her mom passed away -- and those yummy cups of boba cost money. And then there's the fact that the incorrigible Henry Lee is the bobamaster at Tea Palace, and when he's not annoying Chloe, he's usually coming up with the perfect drink for every occasion. For Chloe, lover of neatness and control, the arrival of bubble tea is nothing but trouble!

But bubble tea really wreaks havoc when Chloe finds herself banned from Tea Palace (for dumping boba on someone who really deserved it!). She comes up with the idea to make her own boba and sell it, with the help of her best friend Sabrina, her inventor dad and (whether she wants it or not) her rescue dog. Suddenly neatnik Chloe will have to contend with sticky drinks, the complications of running her own business and...maybe the messiness of admitting that she actually *like-likes* someone? Will Chloe be able to step out of the bubble she has built around herself and into an exciting new adventure to go along with her boba tea?

The Power of Story

Diverse Books for All Readers

**The Chaos Monster (Secrets of the Sky, Book One)**

By (author) Sayantani DasGupta

Jul 18, 2023 | Hardcover \$23.99

From *New York Times* bestselling author Sayantani DasGupta comes a new series in which everything is connected to everything, and it's up to twins Kiya and Kinjal to save it all.

When 10-year-old Kinjal hears a strange noise in the middle of the night, he grabs his twin sister, Kiya, and the two go searching in the forest at the edge of their new house. There, they find Snowy and Midnight, two winged pakkhiraj horses from the Kingdom Beyond Seven Oceans and Thirteen Rivers who have come to this dimension to seek help -- bees are disappearing, along with the nectar the pakkhiraj horses need to survive.

Whisked away to a magical realm, the twins must use Kiya's scientific skills and Kinjal's love of books and language. But then they discover that the disappearance of the bees is more nefarious than they thought, and the plot goes all the way to the top.

To make matters worse, it seems that famous spirits are mysteriously vanishing from York's haunted streets and alleys. Charlie is determined to stay out of it, but Sam, the irritating new seer in town, expects him to track down who -- or *what* -- is responsible and uncover the dark purpose behind these disappearances.

But when one of Charlie's ghostly friends vanishes, he has no choice but to face the shadows -- and his growing feelings for Sam. The boys must be willing to risk it all to save York's spirits, because this adversary will stop at nothing to complete their devastating plan. Afterlives are at stake, and Charlie is running out of time ...

**The Honeys**

By (author) Ryan La Sala

Aug 01, 2023 | Paperback , Trade | \$13.99

From Ryan La Sala, the wildly popular author of *Reverie*, comes a twisted and tantalizing horror novel set amidst the bucolic splendor of a secluded summer retreat.

Mars has always been the lesser twin, the shadow to his sister Caroline's radiance. But when Caroline dies under horrific circumstances, Mars is propelled to learn all he can about his once-inseparable sister who'd grown tragically distant.

Mars's genderfluidity means he's often excluded from the traditions -- and expectations -- of his politically-connected family. This includes attendance at the prestigious Aspen Conservancy Summer Academy where his sister poured so much of her time. But with his grief still fresh, he insists on attending in her place.

What Mars finds is a bucolic fairytale not meant for him. Folksy charm and sun-drenched festivities camouflage old-fashioned gender roles and a toxic preparatory rigor. Mars seeks out his sister's old friends: a group of girls dubbed the Honeys, named for the beehives they maintain behind their cabin. They are beautiful and terrifying -- and Mars is certain they're connected to Caroline's death.

But the longer he stays at Aspen, the more the sweet mountain breezes give way to hints of decay. Mars's memories begin to falter, bleached beneath the relentless summer sun. Something is hunting him in broad daylight, toying with his mind. If Mars can't find it soon, it will eat him alive.

By (author) Shawn Sarles

Aug 01, 2023 | Paperback , Trade | \$16.99

Bestselling author Shawn Sarles' most terrifying YA horror yet . . .

It starts innocently enough. Four kids - three girls, one boy - are at one of their houses, playing games. One of them has read about "Bloody Mary" and the idea that if you look into a mirror and say her name thirteen times, she will show you the future. Some legends say she'll show you your one true love or a skull to mark your death within five years. Others say that conjuring Bloody Mary will bring her into your world.

Both sets of legends are true. The kids go through with the act, saying her name thirteen times. One girl looks in the mirror and sees her longtime crush. One girl looks in the mirror and sees the boy in the group. But she pretends to see something else. One girl looks in the mirror and sees a girl she's never seen before but can't get out of her mind. And the boy . . . he sees a skull. But he pretends to see something else. They try to laugh it off. And mostly they forget about it. Or at least they don't talk about it. Yet over the next few years, whenever they look into a mirror, it's like there's always another figure standing in the background, getting closer.

Just short of five years later, the four of them are no longer friends, having gone on separate paths. The girl whose house it was has always tried to avoid the mirror they used - because she always sensed someone in the background. One morning as she's passing by, she sees much more than her own reflection - it's a scary figure taunting her. She startles and breaks the mirror. When the pieces are put back together (barely), the figure is gone.

That day in school, a new girl arrives. Her name is Mary . . .

## The Voyage of the Frog (Scholastic Gold)

By (author) Gary Paulsen

Aug 01, 2023 | Paperback , Trade | \$9.99

Newbery Honor author Gary Paulsen's *Voyage of the Frog* joins the Scholastic Gold line, with bonus content!

David was only trying to fulfill his uncle's last wish when he set sail on the Frog. He wasn't ready for the way the world seems to disappear out on the ocean, and he certainly wasn't expecting the brutal storm that nearly took his life. David quickly learns that surviving on the sea is different from anything he knows on land. The waves can be merciless, the storms unpitying, and the animals that lurk beneath the surface dangerous.

With only a small ration of food and a deadly calm following the brutal storm, David must find his way back to land ... if he can endure the other challenges the water holds.

#### Contributor Bio

Gary Paulsen has written more than 175 books and some 200 articles and short stories for children and adults. He is considered one of the most important writers for young adults today. Three of his novels--*Hatchet*., *Dogsong*, and *The Winter Room*--were Newbery Honor books, and his works frequently appear on the best books lists of the American Library Association.

Mr. Paulsen and his wife, Ruth Wright Paulsen, an artist who has illustrated several of his books, divide their time between their home in New Mexico, a boat in the Pacific, and adventures in the wilderness.

**The Girl in the Lake**

By (author) India Hill Brown

Aug 01, 2023 | Paperback , Trade | \$9.99

**For fans of *Small Spaces*, *Doll Bones*, and *Mary Downing Hahn*, a truly chilling (and historically inspired) ghost story from the award-winning author of *The Forgotten Girl*.**

Celeste knows she should be excited to spend two weeks at her grandparents' lake house with her brother, Owen, and their cousins Capri and Daisy, but she's not.

Bugs, bad cell reception, and the dark waters of the lake... no thanks. On top of that, she just failed her swim test and hates being in the water-it's terrifying. But her grandparents are strong believers in their family knowing how to swim, especially having grown up during a time of segregation at public pools.

And soon strange things start happening-the sound of footsteps overhead late at night. A flickering light in the attic window. And Celeste's cousins start accusing her of pranking them when she's been no where near them!

Things at the old house only get spookier until one evening when Celeste looks in the steamy mirror after a shower and sees her face, but twisted, different...

Who is the girl in the mirror? And what does she want?

Past and present mingle in this spine-tingling ghost story by award-winning author India Hill Brown.

Five Nights at Freddy's  
**Nexie: An AFK Book (Five Nights at Freddy's: Tales from the Pizzaplex #6)**  
 by Scott Cawthon, Kelly Parra  
 May 02, 2023 Paperback, Trade \$13.99 CAD

**Five Nights at Freddy's fans won't want to miss this collection of three chilling stories that will haunt even the bravest player...**

In this sixth volume, Five Nights at Freddy's creator Scott Cawthon spins three sinister novella-length tales from uncharted corners of his series' canon. In the world of Five Nights at Freddy's, everything comes with a price to pay.

Readers beware: This collection of terrifying tales is enough to rattle even the most hardened Five Nights at Freddy's fans.

#### About the Contributor(s)

Scott Cawthon is the author of the bestselling video game series *Five Nights at Freddy's*, and while he is a game designer by trade, he is first and foremost a storyteller at heart. He is a graduate of The Art Institute of Houston and lives in Texas with his family.

Kelly Parra is the author of YA novels *Graffiti Girl*, *Invisible Touch*, and other supernatural short stories. In addition to her independent works, Kelly works with Kevin Anderson & Associates on a variety of projects. She resides in Central Coast, California with her husband and two children.

Andrea Rains Waggener is an author, novelist, ghostwriter, essayist, short story writer, screenwriter, copywriter, editor, poet, and a proud member of Kevin Anderson & Associates' team of writers. In a past she prefers not to remember much, she was a claims adjuster, JCPenney's catalogue order-taker (before computers!), appellate court clerk, legal writing instructor, and lawyer. Writing in genres that vary from her chick-lit novel, *Alternate Beauty*, to her dog how-to book, *Dog Parenting*, to her self-help book, *Healthy, Wealthy, & Wise*, to ghostwritten memoirs to ghostwritten YA, horror, mystery, and mainstream fiction projects, Andrea still manages to find time to watch the rain and obsess over her dog and her knitting, art, and music projects. She lives with her husband and said dog on the Washington Coast, and if she isn't at home creating something, she can be found walking on the beach.
