NEXT STEP GUIDED READING ASSESSMENT

Assess students' word knowledge, phonics skills, fluency, and comprehension skills

Next Step Guided Reading Assessment, 2nd Edition, uses Richardson's proven Assess-Decide-Guide teaching system to pinpoint students' reading level and target instructional next steps.

This updated assessment kit provides teachers with a complete picture of each reader's word knowledge, phonics skills, fluency, and comprehension skills. The accompanying digital management system offers clear suggestions on how to use the classroom data to form guided reading groups, plan and teach effective lessons, and move students into more challenging texts.

The updated digital management system provides teachers with tools to integrate classroom data into powerful lesson planning and monitor student progress.

1 Reading-Interest Survey **Whole Class**

Uncovers students' reading interests so teachers can find just-right books to hook reluctant readers and challenge advanced ones.

2 Word-Knowledge Inventory **Whole Class**

Identifies students whose grasp of phonics is below grade level so that further assessment and focused instruction can begin immediately.

3 Comprehension Assessment **Whole Class**

Evaluates students' higher-level thinking skills, quickly identifying students whose comprehension is below grade level and who need immediate support.

4 Reading Assessment Conference **Individual**

Determines students' instructional reading levels for Guided Reading placement and focused lessons.
