

 SCHOLASTIC

EDGE

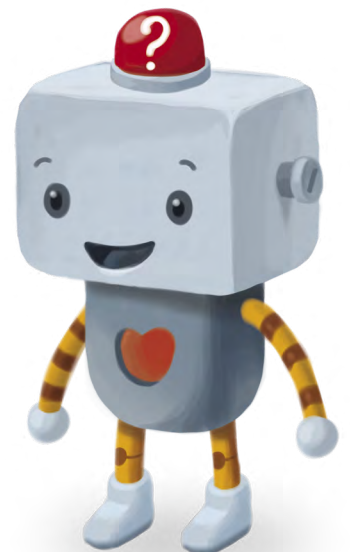

Give striving readers a winning edge!

GRADES K-2

LEVELS Pre-A to K

Scholastic EDGE was developed to support **striving readers** and **ELL students** who are reading 6 to 24 months below grade level, as well as those kindergarten students who need to develop foundational skills with emergent level texts below Level A. This guided reading resource meets the needs of all these groups. The goal of **Scholastic EDGE** is to provide additional supports for these students so they can quickly move up to reading at grade level.

**Also available
for Grades 3-6!**

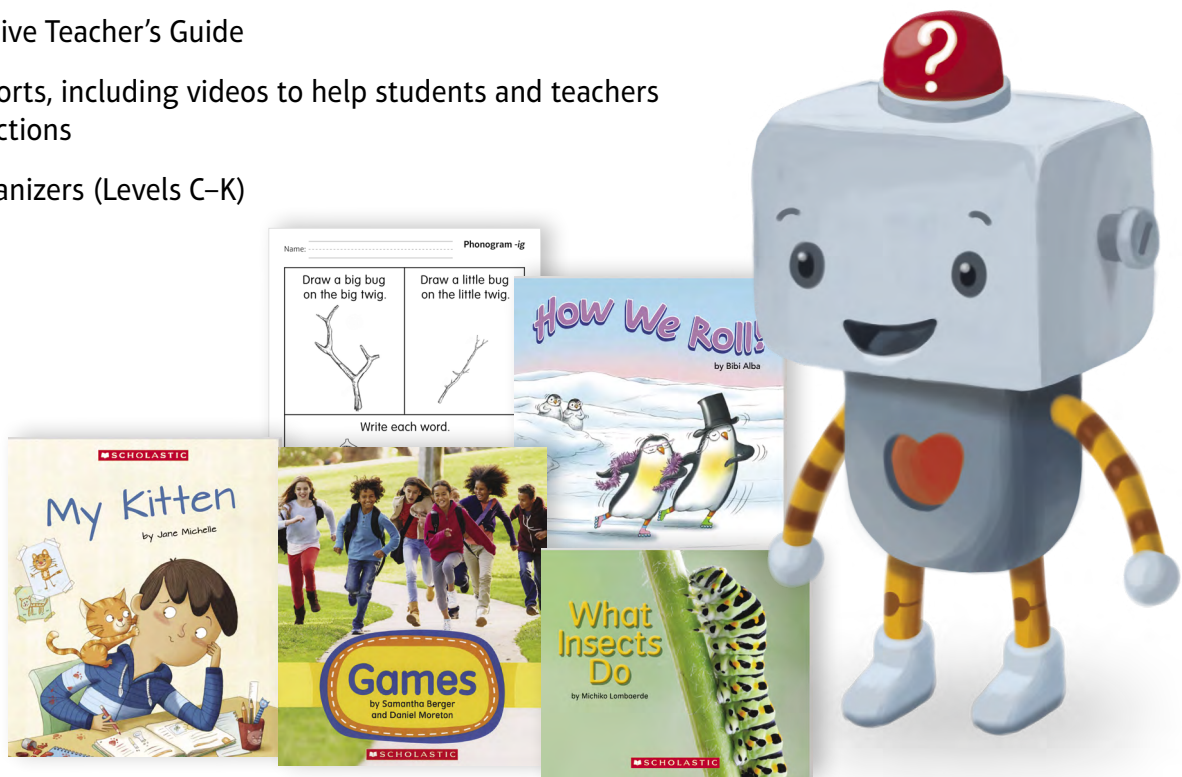

**SCHOLASTIC
EDUCATION**

Give striving readers a winning **EDGE**

Scholastic EDGE, developed with literacy expert Adria Klein, is a unique resource for striving readers. EDGE provides accessible, compelling, age-appropriate levelled fiction and non-fiction titles of various genres and text types.

- ▶ 156 engaging, age-appropriate titles—6 copies of each for small group instruction
- ▶ Robust four-page teaching card for every title, offering scaffolds to motivate, focus students' attention, and support literacy development
- ▶ Comprehensive Teacher's Guide
- ▶ Digital supports, including videos to help students and teachers make connections
- ▶ Graphic Organizers (Levels C–K)

Dr. Klein is a professor emerita of reading education at CSU San Bernardino where she was the Chair of the Department of Elementary and Bilingual Education. A former president of the California Reading Association, she also served on the International Literacy Association's Board of Directors. Currently, she is the director of a centre focused on early literacy intervention at Saint Mary's College of California. She also serves as a reviewer for the professional journal, *The Reading Teacher*.

Adria Klein, PhD

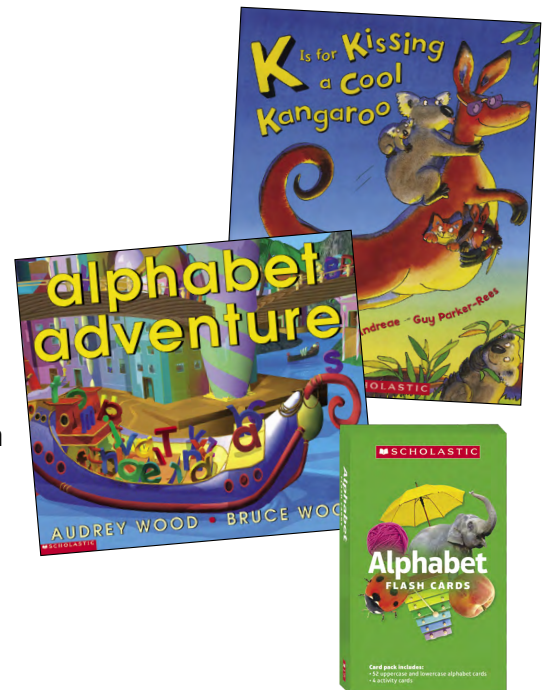

Grades K–2 **EDGE** Features

EDGE is for Grades K–6, but there are key features by grade level for targeted use. **EDGE for Grades K–2** begins to build literacy by teaching phonemic awareness and phonics, letter recognition, print concepts, and more. It provides captivating stories and compelling informational texts. Give your K–2 striving readers the foundational skills they need to succeed in Grade 3 and beyond!

EDGE Levels A to J each come with 10 books (6 copies of each), Individual Teaching Cards, and a Teacher’s Guide.

EDGE Level K comes with 9 books (6 copies of each), Individual Teaching Cards, and a Teacher’s Guide.

The Pre-A Early Literacy Pack is a unique foundational component that includes repeated exposure to storytelling along with the systematic practice of learning letters and sounds as well as concepts of print, and other foundational skills. There is instruction in phonemic awareness and phonics, wordless books, books with labels, and books with simple sentences. In addition, puppets are included to help foster productive, lively discussions. All of these elements are intended as support for reading the books at the emergent levels.

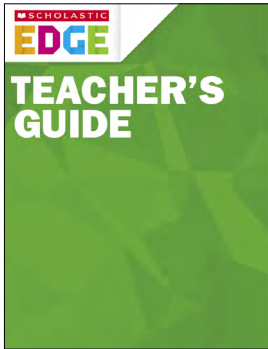

Levelling Chart

This chart shows Scholastic EDGE levels as compared to traditional guided reading levels. Scholastic EDGE begins with a Pre-A pack with levels Pre-A–1, Pre-A–2, Pre-A–3, and Pre-A–4. Then, the levels follow from Levels A–V.

Grades	Traditional Guided Reading Levels	Scholastic EDGE Levels
Kindergarten	GRL A–D	Pre-A–1; Pre-A–2; Pre-A–3; Pre-A–4 36 titles (9 per level) 12 Lap Books GRL A–B (20 titles)
Grade 1	GRL A–I	Pre-A–4 (9 titles) 3 Lap Books GRL A–G (79 titles)
Grade 2	GRL E–N	GRL D–K (80 titles)

Level A

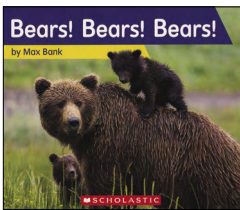

The Artist

This picture book about a fox who is an artist introduces colour concepts and names through visual and textual clues with a big reveal at the end of the art masterpiece.

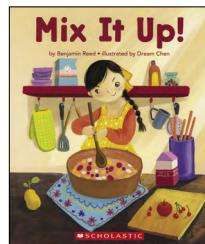

I Like the Seasons

This informational text uses photos to depict fun things kids can do in every season. It looks at how the changing seasons can surprise you.

Bears! Bears! Bears!

In this wonderful book about bears, students are introduced to a variety of bears, along with their habitats and behaviours, through one-sentence descriptions and visual support.

Mix It Up!

This realistic fiction picture book is set in Ming's kitchen and shows things she uses to cook in this sequential story about preparing food.

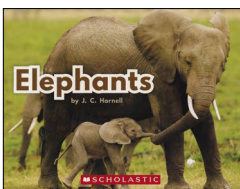

Chet Rides Home

Chet introduces students to various forms of transportation in this picture book, using simple illustrations and sentences to help Chet get home.

My Kitten

This humorous picture book helps students learn about what kittens do and how to take care of pets with repeated sentence patterns and visual clues.

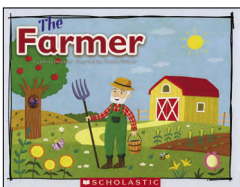

Elephants

This informational text is all about elephants. The book uses simple, repetitive language and descriptive photographs to help students learn what elephants do and how they behave in their day-to-day life.

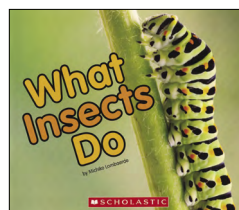

We Play Together

This informational text explores themes of playing games with friends and learning about different sports with photos of familiar activities in various settings.

The Farmer

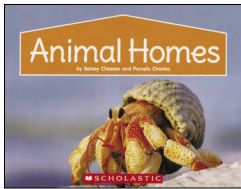

In this engaging picture book, a farmer has a fun plan to get away for the day. But there are other animals on the farm who want to join in on the fun and, one by one, jump on his truck to go fishing.

What Insects Do

Insects are surprising little creatures. This informational text uses strong picture-word match for verbs to identify things insects do and exciting photographs to help students name insects.

Level B

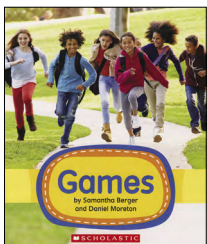

Animal Homes

This informational text is full of descriptive photographs to help students understand where animals live. Animal homes are built for different purposes and students can learn and compare between spreads. Additional facts are included at the back of the book.

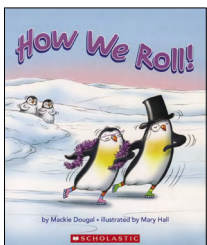

Color It Orange

Explore things in our world that are orange like the sky, a leaf, a fish, or a cat, in this engaging informational text.

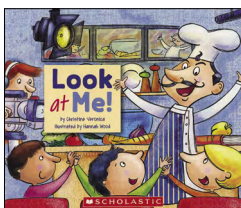

Games

Playing games is the main theme of this informational text. The text uses a combination of simple sentences and photographs of kids playing a variety of sports and games.

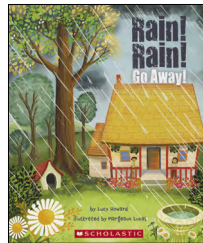

How We Roll!

A family of penguins enjoys playing on the ice, skating, and tobogganing together in this fun, simple picture book. Students can use this to compare the things they do outside on the ice in the winter.

Look at Me!

This humorous picture book features a superstar chef that adds pizzazz to a salad with many ingredients while it is televised. The grand super-salad reveal at the end is sure to delight readers.

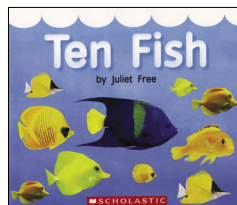

Rain! Rain! Go Away!

This picture book explores the theme of weather and shows how kids and animals react to the rain, and how happy they are when it finally stops.

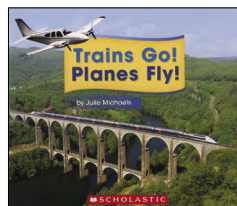

The Shape Hunt

This picture book uses the math concept of shapes to help students identify the shape of objects as they search for them in a fun fair setting with games, rides, and interesting things.

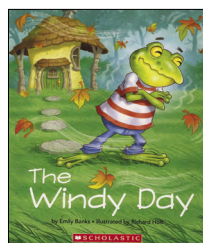

Ten Fish

Grouping and counting can be fun with these close-up photographs of colourful fish. This informational text helps students group fish by colour as they count from one to 10!

Trains Go! Planes Fly!

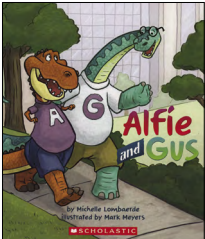

This informational text compares and contrasts some of the main differences between planes and trains while identifying some of the land and water features the two travel on.

The Windy Day

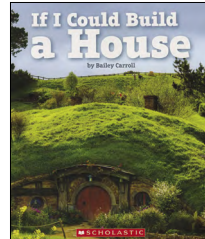

This sweet picture book is all about solving problems and spending time with friends told through a friendly frog getting dressed for a windy day. What does Frog need on this windy day? His hat, his scarf, his kite, and a friend.

Level C

Alfie and Gus

This picture book stars two dinosaur friends, Alfie and Gus, and looks at what to do on a hot day. They try out all kinds of different scenarios until they find the perfect one for them.

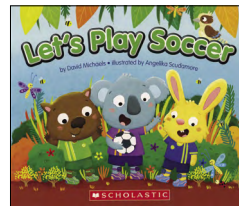

If I Could Build a House

This informational text examines different house structures and encourages students to compare and contrast where to live, considering weather and climate.

The Big Dance

In a world filled with big animals, sometimes being extra small can come in handy. This picture book story shows that there's a role for everyone in every size.

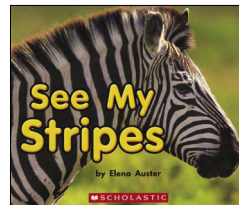

Let's Play Soccer

This picture book is a wonderful example of showing concern for a friend when Nick gets sick and can't come out and play. Themes around being kind and thoughtful are also explored.

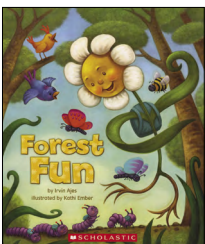

Cool Kangaroo

Find out what makes kangaroos very special animals in this informational text full of pictures, descriptions, facts, and new vocabulary words like "joey" and "pouch."

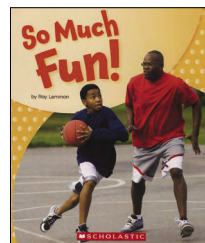

See My Stripes

This informational text helps students identify animals with stripes by recognizing patterns through simple non-fiction text and exciting nature photography.

Forest Fun

In this realistic picture book, students will learn about things in a forest as they walk through the forest with Daisy the Sunflower. Daisy compares things animals like in the forest to her own likes and dislikes.

So Much Fun!

Having fun is not just about what you do, but also whom you are with. This informational text explores ways to have fun and people to have fun with through simple dialogue and repeated sentence patterns.

Green Means Go

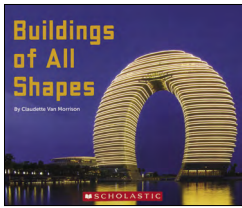

Various species of animal wildlife are compared in this informational text because they share the quality of being green. Frogs, turtles, and birds are some of the animals mentioned in the text.

Water Is Everywhere

Water is very important. This informational text helps students learn about the different states of water in basic science terms and the different bodies of water on Earth.

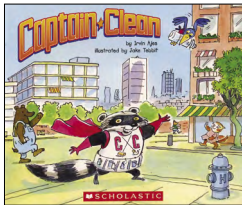

Level D

Buildings of All Shapes

There are buildings of all shapes but the shapes of some buildings in this informational text will engage and surprise students as they read about ones built like a

basket, a shoe, and even a spaceship.

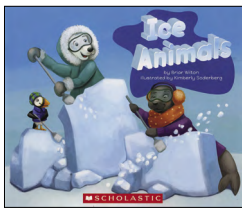

Captain Clean

In this fantasy picture book, Captain Clean loves to help keep things clean, with many relatable situations for kids.

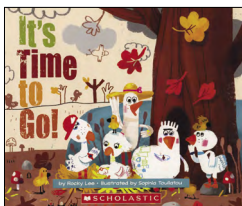

I Love Pasta!

This informational text examines different kinds of pasta and uses simple dialogue to convey likes and dislikes of various pasta forms.

Ice Animals

In this cute, engaging picture book about what to do in cold weather, the animals decide to have an ice party and sculpt the ice into replicas of themselves.

It's Time to Go!

When the birds decide it's getting cold out and it's time to go, they must choose what to bring on their adventure in this humorous picture book about flying south to warmer weather.

Name This Sport!

This informational text will help students identify sports by matching words and pictures on the page. Students will need to consider where the sport is

played, who plays it, and what equipment is needed.

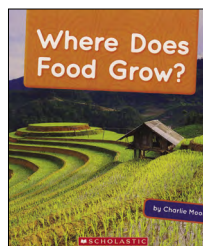

Snow Day

When Little Fox wants to play in the snow, his mother helps him dress for the weather in this sweet picture book about seasons and weather.

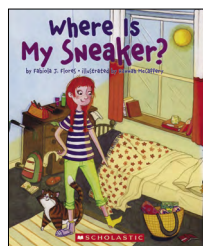

What Do Firefighters Do?

This easy-to-understand informational text examines how firefighters help their community and explores the work that they do and the gear that they wear when they respond to a call.

Where Does Food Grow?

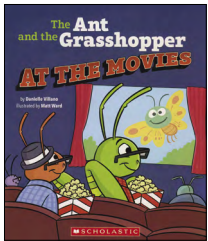

This informational text looks at where food grows and offers food fun facts for students to discuss and consider trying themselves, like growing a vegetable garden.

Where Is My Sneaker?

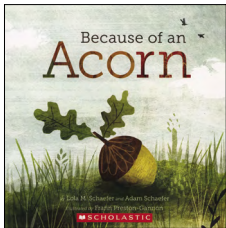

While packing for an outing with her dad, Sofie keep losing things. The simple dialogue and predictable sentence patterns throughout offers humour in a relatable situation many kids have experienced.

Level E

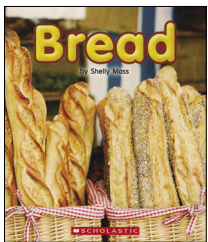

The Ant and the Grasshopper: At the Movies

The Ant and the Grasshopper are having fun at the movies! But when the movie starts, the Grasshopper learns a lesson the hard way in this fable about making good decisions.

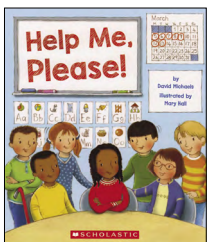

Because of an Acorn

This informational text about exploring forests and understanding connections in nature weaves interesting science content with strong pictorial support to describe the various layers of an ecosystem... all because of an acorn.

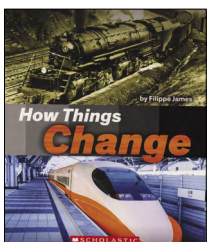

Bread

This informational text uses vivid photography and simple non-fiction text to describe bread attributes and the variety of breads.

Help Me, Please!

This realistic picture book uses a simple plot and repeated sentence patterns to teach students about co-operating in a classroom and helping others.

How Things Change

This non-fiction picture book uses black-and-white and colour photographs to help students take a step back in time and discover how things used to be, and compare it to how those things look now.

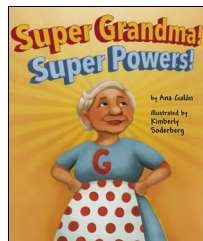

It's a Wonderful World

Valuing natural beauty and describing natural wonders that make our world wonderful is a major theme in this informational text. Each spread includes photographic details to be discussed like clouds, skies, lakes, mountains, and animals.

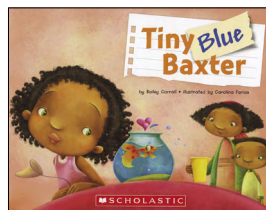

Puffins

This informational text identifies characteristics of puffins and their behaviour. Strong picture support and exciting close-up bird photos help students make connections about puffin attributes.

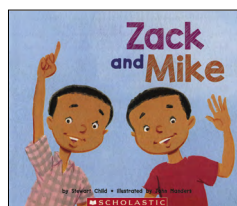

Super Grandma! Super Powers!

Grandma may not look like an everyday superhero, but she sure is! This picture book uses engaging illustrations and familiar settings and characters to show the importance of appreciating others and redefining what "super" means.

Tiny Blue Baxter

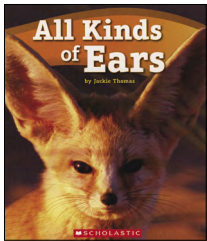

Ava gets a new pet and it keeps getting bigger and bigger in this humorous tale about taking care of a pet and how things grow and change.

Zack and Mike

Twin brothers Zack and Mike are stuck inside on a rainy day. Can they work together and have fun? This picture book shows how to find inspiration through art.

Level F

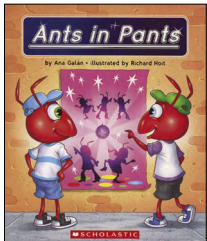

All Kinds of Ears

This informational text helps students explore the sense of hearing and understand how animals perceive their environments through sound.

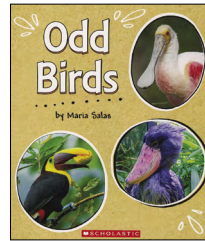

Meet Neil Armstrong

This informational text follows Neil's major accomplishments, like being an astronaut and being the first person to walk on the moon. Photographs and biographical information are included.

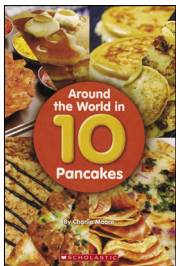

Ants in Pants

This picture book uses fantasy characters in a simple sequence of events as two ants prepare for an event and choose what to wear to the big dance.

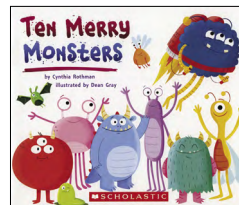

Odd Birds

This informational text identifies characteristics of unusual birds and compares bird characteristics and behaviour. Interesting science content is woven through the book along with strong picture support with labels.

Around the World in 10 Pancakes

This informational picture book celebrates world cultures through food. Children can make personal and world connections by learning about different types of pancakes.

Ten Merry Monsters

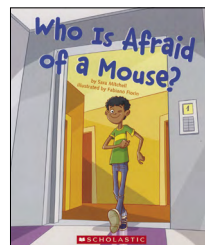

Ten monsters are very merry—and very busy, too—in this wonderful picture book countdown that follows a number sequence.

Cat Nap

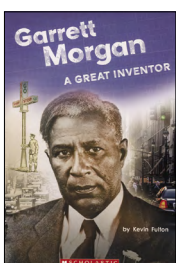

Little Dog wants to play but Cat wants to nap in this sweet picture about playing with friends and respecting their feelings. Engaging illustrations

and dialogue help students interpret these feelings.

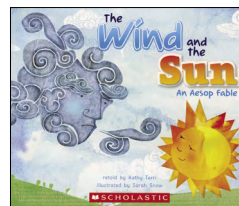

Who Is Afraid of a Mouse?

This picture book uses a humorous situation of a boy and a group of animals stuck in an elevator with a mouse. Major themes include overcoming fear and being brave.

Garrett Morgan

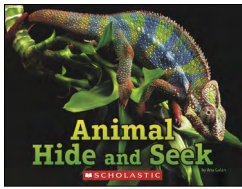

Garrett Morgan was an important inventor and his inventions are still helping people today. This informational text helps students understand the time period when Garrett lived and what influenced his work to create the first traffic light.

The Wind and the Sun

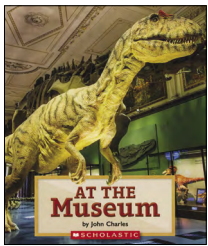

This Aesop fable has the Sun and Wind as its main characters. The picture book uses these characters to illustrate using kindness to show strength while teaching a lesson.

Level G

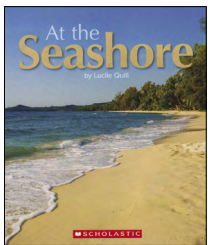

Animal Hide and Seek

Learn about animal camouflage in this informational text through close-up photographs of animals in their habitats. Students will identify changes and make inferences as they observe animals in their different habitats.

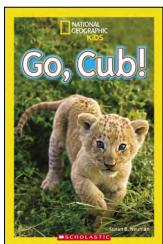

At the Museum

This informational text helps students better understand museums and the role they serve to teach people about the past, present, and future.

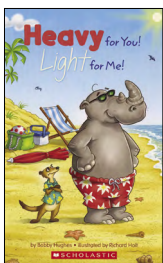

At the Seashore

This informational text uses nature photography, and key words like “seashore”, “waves”, and “sand dunes” to describe the senses you feel when you visit the beach and the animals you may encounter.

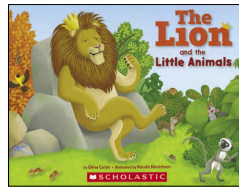

Go, Cub!

This informational text uses labels and a simple non-fiction text to identify a lion family and help students learn about cubs and lion habitat.

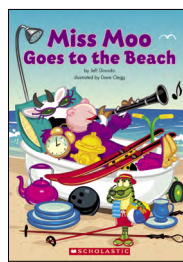

Heavy for You! Light for Me!

Otto has big plans for a day at the beach, but his friend Ross beats him to it every time in the sweet picture book about celebrating differences and being a good friend.

The Lion and the Little Animals

The lion thinks he’s the boss of all the animals in the jungle until he meets his match in this fiction story about respecting others and being a good leader.

Miss Moo Goes to the Beach

When Miss Moo brings all the wrong things to the beach, her friend Henry humours her and helps her make the most of her beach day in a picture book about being prepared and friendship.

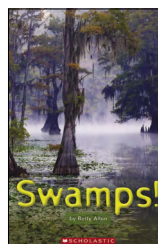

The New Fish

Being the new kid is never easy so when Jack the seahorse starts school under the sea, he must figure out how to fit in. This picture book uses colourful illustrations, and dialogue and narration to foster empathy and describe how a character is feeling.

Six Silly Squirrels

This humorous folktale weaves counting with a relatable family situation where squirrels forget to count a family member as they gather nuts. Thought bubbles and simple dialogue help the story along.

Swamps!

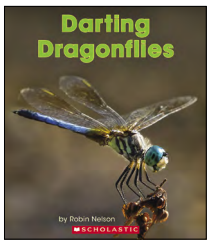

This informational text identifies things that live in swamps and explores aspects of these fascinating wetlands, including swamp plants and animals, through strong visual support and captions.

Level H

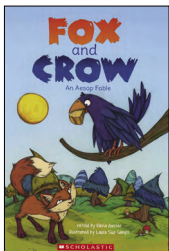

Bear's Bad Day

In this picture book, Bear is having a bad day and takes it out on other animals. In the end, Bear learns what it means to be a friend in this story about empathy and relationships.

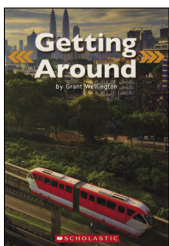

Darting Dragonflies

This informational text uses engaging science content and nature photography to help students learn about dragonflies, what they eat, what they do, and where they live.

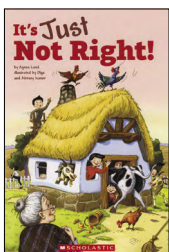

Fox and Crow

This picture book fable about Fox and Crow vying for a piece of cheese teaches students to be careful of tricksters, and the importance of being respectful to others.

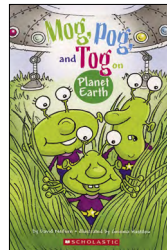

Getting Around

This informational text examines how people around the world get from place to place with transportation like boats, cars, trains, and buses. Students will also make connections between where you live and how you get around.

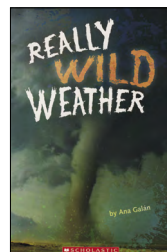

It's Just Not Right!

In this picture book folktale, the farmer thinks his home is too crowded and it's just not right. Where will he find help? Exaggerated characters and situations help students understand about gaining perspective and solving problems.

Mog, Pog, and Tog on Planet Earth

Mog, Pog, and Tog come from outer space and land on Earth for a fun adventure. This picture book delves into the genre of science fiction using engaging illustrations and humorous dialogue to introduce ideas of exploring new things on a new planet.

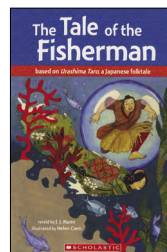

Really Wild Weather

This informational text helps students understand different kinds of wild weather and how to stay safe during weather events such as thunderstorms, blizzards, hurricanes, hailstorms, and monsoons.

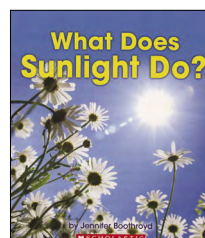

Soccer Time!

People all over the world watch and play soccer. This informational text teaches students about the popular game through engaging action photography, diagrams, and a picture glossary.

The Tale of the Fisherman

Through fantastic characters and events, a fisherman learns that there is more to life than riches in this folktale about helping others and realizing what is most important in life.

What Does Sunlight Do?

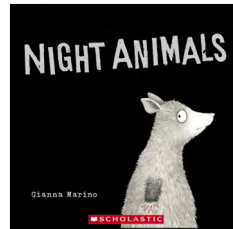

This informational text summarizes the many benefits of sunlight and why it is essential to plants, animals, and people. Themes of light and darkness are explored.

Level I

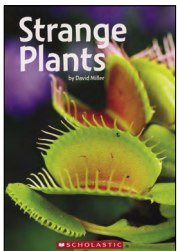

The Ball of String

In this story, Badger finds a ball of string and walks up a hill with it. All her friends manage to find her by following the unravelled string.

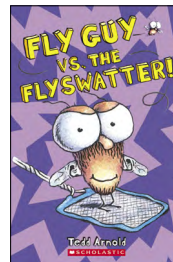

Night Animals

In this picture book, a possum, a skunk, a wolf, and a bear huddle together because they are afraid of a night animal (a bat). The bat explains to them that they are night animals, too.

Strange Plants

An informational text about plants that trap bugs, flowers that stink, and trees that share roots.

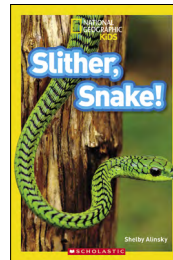

Fly Guy vs. the Flyswatter!

When Fly Guy joins Buzz on his school field trip, he has no idea they are visiting a flyswatter factory. Fly Guy tries to hide in Buzz's pocket, but chaos ensues when his head sticks out. Can he escape safely?

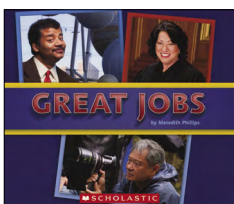

Is This a Fish?

An informational text about unusual fish, including sawfish, seahorses, manta rays, pufferfish, and lionfish.

Slither, Snake!

This informational text shows different kinds of snakes with labels indicating different body parts. The book includes a snake habitat map at the back, and instructions for how to draw a snake and label it.

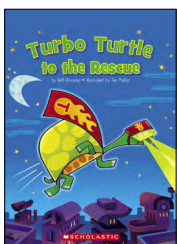

Great Jobs

This informational text introduces six people who are great at their jobs, and love their jobs, too! A scientist, ballet dancer, journalist, judge, astronaut, and movie director are featured.

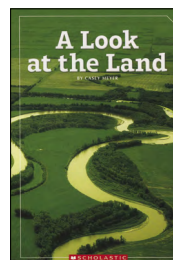

Ducks in a Row

Max the duck has nothing to do until his three aunt ducks arrive. Then, he is kept busy helping them. It feels good to be needed, but he is run off his feet... until the aunt ducks fly south.

Turbo Turtle to the Rescue

A story about a super turtle and a duck who shoots out bubble gum from her zipper. Turtle blows a big bubble and captures Duck Girl, who goes to jail.

A Look at the Land

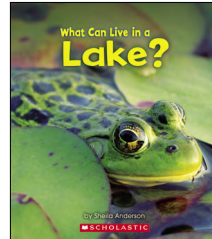

An informational text featuring different landforms from around the world, as seen from an airplane (mountain, hill, plain, plateau, canyon, valley, desert). The text also looks at how erosion changes the land.

Level J

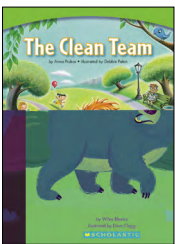

Bee-Wigged

An autobiographical story about what it is like to feel different as a child, and accept the differences of others.

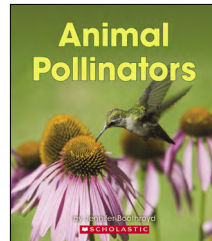

What Can Live in a Lake?

An informational book including photos and facts about different animals that live in the lake and their various adaptations, such as fins, gills, webbed feet, shells, pouches, and curved bills.

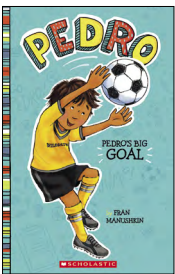

The Clean Team

A story of two boys, one neat and one messy, who decide to join forces and work together to keep their environment clean.

Animal Pollinators

An informational text about pollinators such as hummingbirds, bats, possums, and lemurs.

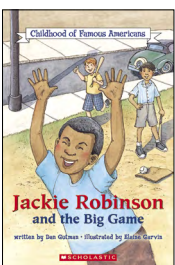

Pedro's Big Goal

A testament to the power of practice in helping to develop skills and achieve goals. In this story, Pedro wants to excel in soccer and tries out to be a goalie.

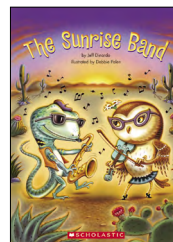

Klink and Klank

A story about two friends, Klink and Klank, who work in a factory. Klank isn't content with life, and starts using widgets from the factory to become a sculptor. Even though things change, Klink and Klank remain good friends.

Jackie Robinson and the Big Game

A true story about Jackie and his big brother, a champion athlete. Jackie becomes an incredible baseball player, while his brother goes on to win two medals in track and field at the 1936 Olympics in Berlin.

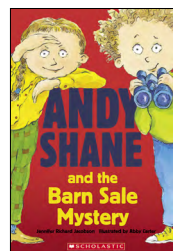

The Sunrise Band

In this story, an owl and a lizard learn to co-operate. They both agree to play their instruments at sunrise so as not to disturb one another and to avoid playing at opposing times.

Look, a Shark!

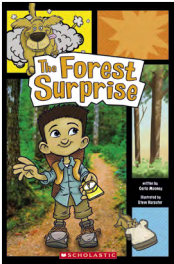

An informational text with an introductory note to educators, this book contains many interesting facts about sharks, with critical thinking questions sprinkled throughout.

Andy Shane and the Barn Sale Mystery

A delightful story about how Andy tries to raise money from a barn sale to buy a gift for his grandmother, and the complications that ensue. This story includes many good examples of lists.

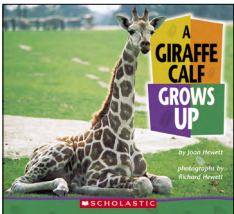

Level K

The Forest Surprise

When Jake and his family go for a hike through the forest, they encounter many surprises (including a skunk that sprays his poor dog). This book includes a glossary at the end, discussion questions, and Jake's *Guide to a Happy Hike* (a model for writing). Instructions are also provided on how to read a graphic novel.

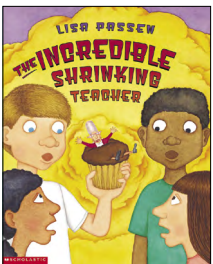

to a Happy Hike (a model for writing). Instructions are also provided on how to read a graphic novel.

A Giraffe Calf Grows Up

An informational text about the growth stages of a baby giraffe, who is part of a herd of 15 giraffes in a wild animal park. A growth timeline is included at the back, as well as more information on giraffes.

as well as more information on giraffes.

The Incredible Shrinking Teacher

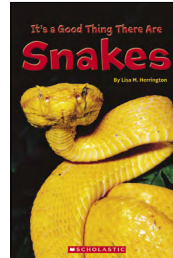

While Miss Birnbaum is preparing some treats for the children in celebration of the last day of school, one of the ingredients (prune pudding) causes her to shrink. After an eventful night spent

trapped in the school, a taste of chocolate icing causes her to return to her original size, just in time for the class party.

It Came From Outer Space

This fiction title tells the story of three boys who mistake a shooting star for a meteorite while camping out in their backyard. They discover what they believe to be space debris, and excitedly notify NASA.

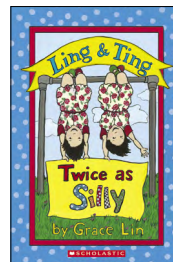

It's a Good Thing There Are Snakes

An informational text about snakes with exciting facts, riddles, as well as a glossary and index.

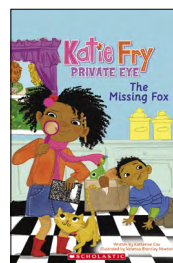

Let's Explore Earth

An informational text about planet Earth. This book contains facts about Earth, critical thinking questions scattered throughout, a photo glossary, and an index.

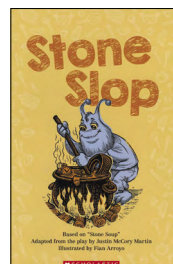

Ling & Ting: Twice as Silly

Six stories about twin sisters Ling and Ting that each end with a joke. An artist's note is included at the back of the book, as well as more information on the book production.

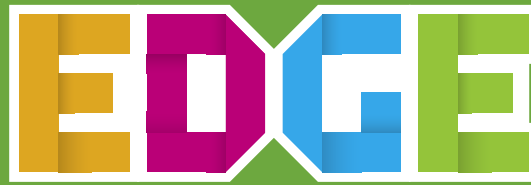

Katie Fry, Private Eye: The Missing Fox

A chapter book in which detective Katie and her cat named Sherlock solve the case of the missing stuffed fox.

Stone Slop

A play script based on *Stone Soup*, a traditional European folktale, in which a friendly monster named Harry goes around to visit friends and gather ingredients for his stone slop. Includes a history of the tale, a section on the definition of fractured folktales, and a glossary.
